Jill (Ashworth) Decesare

Princess Anne, MD

Spouse/Partner: Daryl

Children: Lauren and Kevin

Employer: Three Lower Counties
Princess Anne, MD

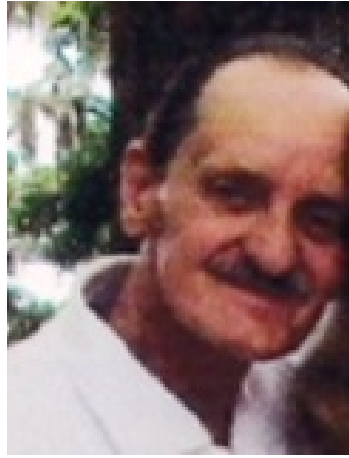

Email: jilldec@aol.com

Hello to all and so looking forward to October 10th!!! 50 years!! My biggest regret is not maintaining contact with my fellow classmates and I have been in Maryland since graduation even though my husband and I have moved frequently! After HS graduation, College Park and Univ. of Maryland at Baltimore, I earned my BS in Nursing and started working at University Hospital. I met, Daryl while a junior at C.P. and we married in 1972. Lauren and Kevin were born while we were living in St. Mary's County. We have been in Somerset county since 1989 and Daryl has since retired from his Park Ranger/ administration position and I have continued to work! I have built up quite a resume with many nursing position: from hospital to schools and even at our local corrections for 17 years! Quite something else! Here at TLC I have found a home! I love the patients, staff and my provider I work with. My nursing career has been so fulfilling and only hope I have been able to help promote health, wellness to all I have come into contact! I have been fortunate to enjoy one of my loves with working with the Women's chorus while in college, being part of 'Anything Goes' behind the scenes, glee club at St. Mary's College, voice lessons and of course church choir . Imagine singing at the world's Fair in New York and singing with the Washington Symphony Orchestra!!!!!! I am hoping to only work part-time in 2015. All are welcome to our home here on the eastern shore. Daryl needs a fishing partner. After ten plus years retired, no one will go with him! Maybe we will be able to finish projects started years ago - right! Love to all! RMHS GO ROCKETS!!!!!!

Richard Montgomery High School

Class of 1964

Mike Atnip

Jacksonville, FL

Spouse/Partner: Shelley Nielsen

Children: Skyler (1971), Angela (1975), Marie (1977), Matthew (1984)

Employer: Retired

Email: johnjatnip@aol.com

Mike Atnip and Shelley Nielsen (RM.64) were married on January 9, 1967. They are both retired now and living in Jacksonville, FL. Mike retired from the insurance business and Shelley retired from a career in banking. They were blessed with 4 children and they now have 3 grandchildren – Joseph (born in 2002), Jessica (born in 2005), and Katelyn (born in 2006). Mike and Shelley are unable to attend the reunion, but they send their blessings and good wishes to all of our classmates.

Richard Montgomery High School

Class of 1964

Larry Barker

Derwood, MD

Spouse/Partner: Ann Burton Barker

Children: Robbie

Employer: MemberCar

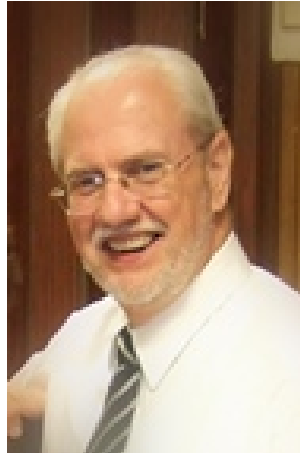

Email: lbarker12@gmail.com

50 Years ago...WOW...Hard to believe, but 2014 is just around the corner. I've been married to Ann Burton Barker for 43 years, and we have one son, Robbie. I went to work for Montgomery County Police in 1968, and switched to the Maryland State Police in 1970 until 1988. I then did what was natural for me - auto business. I was with Herb Gordon Auto World from 1989 until 2009 when I went to EuroMotorCars in Bethesda until recently. I've tried to slow down some and am now working with a friend primarily in the auto wholesale business. Ann plans to retire this year but I want to work a little longer. Looking forward to seeing everyone and getting caught up with many wonderful stories.

Richard Montgomery High School

Class of 1964

Richard Beall

Silver Spring, MD

Spouse/Partner: Mary Suzanne Thompson

Children:

Employer: Semi retired

Email: rebeall@verizon.net

I look forward to reconnecting with former classmates. I remember several alumni from growing up in Twinbrook and attending elementary school there. I later went to Broome before attending RM. After RM I attended Montgomery College and worked part time at the Co-op grocery store next to Larry Allen menswear. I did not maintain academic status as a full time student and was drafted in the Army in 1967. I served in Viet Nam for 14 months in northern I Corps from March '68 to May '69. After my stint in the military I came home and finished at Montgomery College. I took a cross country trip over a summer visiting college campuses and eventually enrolled at the University of Utah. After a year I came back to Rockville and completed my degree at Maryland. I enjoyed the college environment so much that found a job at Montgomery College. I met my wonderful wife Sue while working as MC. I earned a master's degree from Marymount University and remained in higher education for 30 years in career services and external relations. I retired as Vice President of External Relations at Capitol College in 2008. I work in a family business selling building supplies. I am currently the president of the Montgomery College Alumni Association and participate in multiple activities that promote the image and reputation of the college. I find I have to stay in touch with students and campus activity.

Spouse/Partner: Ellen Christine
(Hooton) Beavers (Class of 1964
BCC)

Children: Robert W. Beavers, Jr. and
Amanda Lea Beavers

Employer: Merrick & Company but
retiring in March.

Email: rbeavers@bellsouth.net

After High School and Montgomery College I had a twenty three year career with Bechtel Power Corporation in Gaithersburg, and at different large construction sites around the US. In 1984 we moved to the Atlanta, Georgia area where I was president of three different design and construction related companies over a period of 18 years. In my later years I have been in sales of Professional Services (I sell Architect and Engineering services) for a large firm based in Denver, working in their regional office in Atlanta. I sell strictly to the US Government and to the US Military. I intend to retire March 31, 2014 after almost 50 years. My wife and I have been married since 1966 and will celebrate our 48th wedding anniversary March 8, 2014.

Richard Montgomery High School

Barbara (Bell) Whitmer

Point of Rocks, MD

Spouse/Partner: Timothy Whitmer

Children: Russ 1978

Employer: retired

Email: tbr3cdogs@aol.com

Formerly employed in clerical positions in law and title work, even retail, w/Borders. We love living near Potomac River where we walk our dogs daily. We also like Frederick County and no plans to head south yet. We can easily enjoy music and the arts in DC or Baltimore. Not setting the world on fire but am loving retirement!

Richard Montgomery High School

Class of 1964

Jeff Bender

Gaithersburg, MD

Spouse/Partner: Sylvia Barnes (RM Class of 64)

Children:

Employer: Retired

Email: jeffb1245@gmail.com

Except for a few years in Buffalo, New York, and another few years at college in Roanoke, Virginia, I have lived all my life in good old Montgomery County. I graduated from Montgomery College in 1967 with an A.A. degree in Computer Science and have taken many other courses in several other colleges since then. My interest in computers began back in the summer of 1963, between my junior and senior years at RMHS. I took a summer internship at a hospital in Buffalo that gave me the opportunity to use an IBM 1620 mainframe computer all by myself! Since then I have been either very interested or working in the IT field. I have worked for only two IT companies, Planning Research Corporation (PRC) and Computer Sciences Corporation (CSC). The time with those two companies spanned 32 years. I retired in 2008 and have been living a life of leisure since then. (Ha! I am almost as busy now as when I was working.) Just before I retired, I ran across the RMHS web page on Classmates.com. I looked up Sylvia Barnes and found out that she was now single and living in Kansas. We started corresponding and when she moved to Pittsburgh, she came to visit me. This was the first time we had seen each other in 44 years! In 2009 we went on a trip to Paris together where I proposed to her. We were married in 2010 and now are happily living in Gaithersburg. So now some of my leisure is taken up with "honey-dos", which is fine by me!

Richard Montgomery High School

Raymond Betts

Big Cove Tannery, PA

Spouse/Partner: Teri

Children: Michael

Employer: self

Email: raybetts@rocketmail.com

Boy! this is kind of like a salmon coming back to its home creek. RMHS seems like a very long time ago to me, so many things. Mainly I have spent my life doing things I have always loved mechanical pursuits were always my passion. I have had my own automobile business since 1973 started with european auto repairs which led to a dealership for Bertone automobiles and other high line autos. in between I earned a commercial/instrument pilot license and enjoyed many hours of flying around the US, I presently own my own aircraft and am part owner manager of a private airport in Pa.. I am beginning to feel kind of (hard to say) partly retired and am enjoying other interests; woodworking, motorcycling (love my triumph thunderbird),barbqueing, guitar playing (opened a music store in 2001) and enjoy teaching kids to play guitar and write their own music. I enjoy living in the country and private times with my family

Richard Montgomery High School
Class of 1964
Judy (Blankenbaker) Gresham

Santa Fe, NM

Spouse/Partner: Daniel Gresham
(RMHS '64)

Children: Brant (1981)

Employer: Retired

Email: judy.gresham@gmail.com

Daniel Gresham (RMHS '64) and I started dating in 1964 and married in July 1968 after our college graduations. We have lived in many great places including New Orleans, New York City, New Canaan, CT, and Solomons, MD; we're now retired in Santa Fe, NM, where we've lived since 2007. I worked for 16+ years in various Federal agencies, but mostly in management positions at the U.S. Dept of the Interior in the offshore oil and gas leasing program. I was fortunate to be a full-time mom for several years as we raised our son and then to work part-time in our middle school library. In retirement, I'm enjoying exploring the Southwest, traveling, doing volunteer work, and tackling the challenge of keeping landscape alive in a high desert environment. Over the past 50 years, we have been very thankful to have kept up friendships with many of our fellow RMHS '64 grads and their spouses. I am really looking forward to our reunion and the opportunity to see them as well as everyone I haven't seen since Graduation Day.

Richard Montgomery High School

Class of 1964

Jayne (Blanton) Gross

Portland, OR

Spouse/Partner: Dick

Children: Cindy (1974), Lyndsie (1977)

Employer: Retired

Email: jkg144@gmail.com

OMG! What fun I'm having reading bios of my graduating class. I'm also very saddened to see that some of my old friends have died. After graduation I went to work for FDA (on Chapman Avenue) in a secretarial position. I met my husband there and we were married in 1970. I continued working at FDA until 1974 at which time our first daughter (Cindy) was born. Our second daughter (Lyndsie) was born in 1977 and so I was a stay-at-home mom for many years. Both of our daughters (who also graduated from RMHS) are married and we have five grandchildren. When I decided it was time to go back to work I went to work at Marriott Corp. for a year. Then, for the next 9 years, I worked at an interior decorating company in Gaithersburg. Dick retired from FDA in 1998. In 1999 we moved to Portland, Oregon. The Northwest is an awesome place to live. Since retirement we've been able to take an Alaskan cruise, vacationed in Sedona, AZ, Tulum, Mexico, and Tortola, BVI. Life is good! We love our church and spend a lot of our time volunteering with church work. It always blesses us to know we can serve the Lord by being His hands and feet:) I don't know whether we'll make it to the 50th class reunion. Time will tell.

Clinton Botkin

Damascus, MD

Spouse/Partner: Joyce Botkin

Children: Krista and Kristen

Employer: ABSi (IRS Contractor)

Email: clinton.botkin@irs.gov

I have lived in Virginia, Hawaii, Canada, Taiwan and Hong Kong and am currently living in Damascus, MD with my wonderful wife (to whom I have been married for more than 16 years) and nine dogs, all from rescue organizations. I graduated from Montgomery College in 1966 and the University of Maryland in 1969. I took the Civil Service Exam and the government decided that I should be a programmer. Since then, my career has been in IT at a variety of positions, including owning an IT consulting company which had offices in Hong Kong, Taiwan and Hawaii. I am currently working at the IRS as an IT consultant. My wife and I also work as volunteers with Bourbon County Rescue and helped to save over 600 dogs and cats last year that would have been euthanized if not for this wonderful group of people.

Charles Calhoun

Manchester, MD

Spouse/Partner: Deborah K. Calhoun

Children: Shannon(1976),
Heather(1981)

Employer: Retired

Email: the_commodore@juno.com

I've been married to Deborah for about 40 years. We have two daughters. We live close to Manchester, MD, which is 11 miles east of Westminster. Deborah taught sixth grade at North Carroll Middle School in Manchester, and retired about two years ago. I worked for MD Dept of Transportation, Office of Materials & Technology, Division of Pavement Management and several other divisions. I retired with 36 years of service. My daughter, Shannon, is an emergency room nurse and daughter, Heather, is a cashier at Giant Food. I'm looking forward to seeing everyone in October!

Richard Montgomery High School

Class of 1964

Mark Canto

Boulder, CO

Spouse/Partner: Susan Canto

Children: Christina (1980), Steffanie (1982)

Employer: SDA Inc.

Email: m.canto@sдавrg.com

After RMHS (the good years of no worries for me based on my grades and class standing) I went to North Texas State University and had a great time, soooo, I had to transfer back to the Maryland area and got a degree in Accounting from Benjamin Franklin University in D.C.(now part of GW, who whooda thought!). After college, as with a lot of my classmates from RMHS I had to do some time in the Armed Forces and was in the Army with most of my service time spent in Bangkok Thailand in the Finance Corp. I lived in a hotel in Bangkok for the two years that I was there, and spent a good amount of time playing baseball for a Unit Team. It was like a vacation. After my Army Service I started as a Junior Accountant for a Mortgage Banking firm in D.C. which then led me to Detroit, Michigan to the company's parent company. During the seven years in Detroit I got married to my wife Susan and had two girls (Christina and Steffanie). By the time I left Detroit (my mind had un-frozen one summer) I had gone from Mortgage Banking, to Accounting for a Construction Company. I moved to Colorado and settled in Boulder with a house just 10 miles outside of the City in the foothills of Boulder. My two daughters were in sports through high school which brought back memories of RMHS Varsity Sports for me. They were in Swimming (Steffanie and Christina) and Gymnastics (Christina). They participated in the State Championship's throughout their High School years. Christina graduated from Oregon State with a degree in Environmental Sciences & Chemistry and is now the Head Brewer for Rogue Ales in Eugene, Oregon (who would have thought drinking beer in college would lead to a career). Steffanie graduated from UNLV in Las Vegas with a degree in Hotel Management and is the owner of Skin Tight Fitness and Aesthetics as a Certified Personal Trainer, Aesthetician, and Make-up Artist in Las Vegas. During my 31 years in Colorado I have become the part owner and CEO of SDA Inc, VRG Construction Company, and VRG Managements Services. We are a Real Estate Company that does build to suit Lease Building for the U.S. Government (web page www.sдавrg.com) Through the years I have enjoyed playing golf and owning sports cars ((3)Jaguar XKE's,(I have broken down all across the country), (2) Corvette's and (3)Porsche's) much to my wife chagrin. She now spends her winters in Las Vegas and I make monthly trips from Colorado see her in Vegas, to look at some of our company's projects and sneak in a little golf in the winter. Look forward to seeing a lot of you next year.

Richard Montgomery High School

Class of 1964

Roger Carlsen

Edgewater, MD

Spouse/Partner: Ann Elliott

Children: Will Wes Kevin

Employer: Retired

Email: rmc524@verizon.net

Ann Elliott (my wife of 40 years) and I, live in the Annapolis, Maryland area. We've raised 2 grown sons, and are blessed with two grandchildren from a son from a previous marriage. Upon graduating from the University of Maryland after serving in the US Navy, I began a career in Sales and Sales Management in the technology industry with companies like Prime Computer, Oracle and Microsoft where I retired in 2010. I'm an avid boater/sailor and former Fleet Captain at The Eastport Yacht Club. I hold a Coast Guard 50 Ton Masters License and a member of the Chesapeake Area Professional Captains Association as well as the Fleet Reserve. I enjoy hunting and fishing (especially fly-fishing) and shoot in trap and pistol leagues several times a week. I volunteer with a Non Profit "Project Healing Waters Fly Fishing" teaching fly-fishing skills to Wounded Warriors to assist them in their recovery. When not boating, fishing or hunting, I can be found performing music (sometimes with my son) at dock bars and other venues around the Annapolis area.

Children: Anthony (1991)

Employer: Retired

Email: tedalu@att.net

Wow, 50 years!! It seems just like yesterday, doesn't it?? DUH!! No it doesn't, it seems like it was another era! Graduating out of RM, I was accepted at North Texas State Univ., and went there for a year, then came back to Rockville, Then right away Uncle Sam was after me and I beat the draft notice by about 3 days and joined the USAF. I served 4 yrs. in the USAF, being stationed in Wash. state, 2 yrs. in Alaska and 15 months in Vietnam. After my service obligation I came back to Rockville, enrolled at Montgomery JC, also at that time, I began working full time at Larry Alan's menswear in old downtown Rockville. Worked there for almost 7 yrs. then decided to head west to Dallas, Tx (which was both my parent's and my birth state. Joined the Federal workforce with the Social Security Admin. as a fraud investigator traveling around Tx. and the 4 states that border Tx, (OK, ARK, LA., and NM) for 30 and 1/2 yrs. Retired in 2010. living with my mom as a caregiver for her and enjoying my retirement.

Carol (Cordelli) Bowers

Dahlonega, GA

Spouse/Partner: Daniel E.

Children: None

Employer: Delta Airlines

Email: carolbowers22@gmail.com

Well Guys, I am still working. I am a flight attendant and I love my job. I do not fly very much, just enough to keep my hand in. I fly regular flights to Dubai, Tokyo and some domestic flying. I really love to fly our military and football charters. I live in a small town 80 miles north of Atlanta, Georgia. I live in the woods and it is a frequent event to see deer eating the hostas or black bear eating the sunflower seeds from the bird feeders on our deck. I cannot see my nearest neighbor even though they are just up the hill. I was not raised in the country, as you know, but I have learned a lot about being ready for anything. I have been married to my husband, Daniel, for 45 years. He is retired from United Airlines where he was Sales and Operations manager in Memphis, Tn. Instead of two legged children, we have four legged children. We have rescued 3 dogs and 7 cats for the local shelter and some just wandered up to the house. We even had a kitten move in without us knowing about it.

Wayne Curtis

Rockville, MD

Spouse/Partner: Stephanie A. Curtis

Children: Eric S. Curtis

Employer: FSP and Associates, LLC

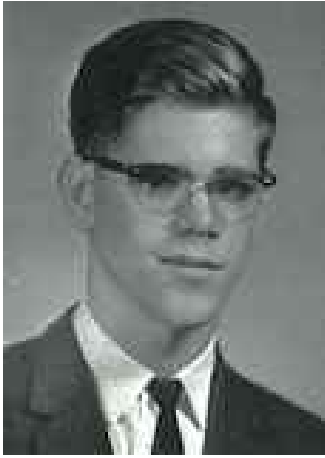

Email: curtiswt@comcast.net

W. Thomas (Tom) Curtis is a resident of Rockville; Maryland. He is Managing Director of FSP and Associates, L.L.C. (FSP), a financial planning and accounting firm located in Gaithersburg, Maryland. Tom is a Certified Financial Planner [™] and enrolled to practice before the US Tax Court. In 2012 Tom was the recipient of the Lifetime Achievement Award from the Financial Planning Association. Tom and Stephanie have been married since 1970 and have a son Eric. Eric wed Silvia Alcaez in July, 2013 and their first child Amelia was born on June 20, 2014. She is a beautiful little girl and will be spoiled rotten by her grandfather. Silvia is a wonderful woman from Mexico City and Eric and she will take little Amelia to Mexico City soon to be christened. They said "no" to Father Val doing the christening here at St. Mary's. Tom and Stephanie spend about half the year at their lake home in Wolfeboro, New Hampshire. Stephanie is retired from federal service and is enjoying her retirement and her new granddaughter. Tom doesn't plan on "retiring" any time soon. He will continue to work until it is no longer fun or dementia sets in.:) Tom and Stephanie too infrequently visit Tom's "daughter" Sonja and her husband Martin in Germany. They have two wonderful children, Antonia who is 16 going on 35 and Maximilian who is 18. Tom loves working on the RMHS 50 reunion and connecting with classmates. He looks forward to the reunion and catching up with "old" friends.

Can't believe it's been 50 years! Here's some of what happened since then in my life. From Rockville, my family moved back to Texas in early 1965. I married and had two children in Austin, after attending UT there. After husband finished law school, we moved to Houston. I lived in that area for more than 30 years, raising our children and sending them off to college. Beth to Vanderbilt. Billy to Sarah Lawrence. Ten years ago I moved to Atlanta. This was after my sister Debbie died (1999), my mom died (2001) and my dad remarried. By then, my daughter was married, lived in Atlanta, and had two children of her own. I am mostly retired, but still do risk management reviews with providers of senior living and memory care services on their liability insurance policies. I started working in the senior care field in local and regional management in 1994. Now I do a lot of volunteer work, enjoy 3 grandchildren here, plus visits with family and friends in Texas and Florida. This news is for Tim C who wrote about my folks in my yearbook: My dad turned 90 this year. He and his wife moved nearby 2 years ago from Texas. He still teaches Sunday school, writes poetry, does watercolors, mows his grass and plays Words with Friends with me on his iPad. In looking through the yearbook, I am amazed at how many faces I remember. Hope to see you in October in person.

Class of 1964

Ernie Downs

Madbury, NH

Spouse/Partner: divorced

Children: Rachel (1990)

Employer: self-employed
(psychologist)

Email: ernierdowns47@yahoo.com

Graduated from college with a broken heart and yearning for "something different". Gravitated to California and the happening scene. Intergalactic! Wish I remembered more of it. Drifted some more, then parlayed my chronically expanded consciousness to a PhD in clinical psychology. The next thing I knew I was married! Remember too much about that, with the exception of my marvelous daughter Rachel (nothing like me). Currently sharing my bed and future with the love of my life Sandy. She comes when called, never says "It is what it is", and only barks when another dog passes the house. Still practicing in therapy and enjoying global warming.

Robert Drake

Columbia, MD

Spouse/Partner: Divorced

Children: Christine

Employer: Retired

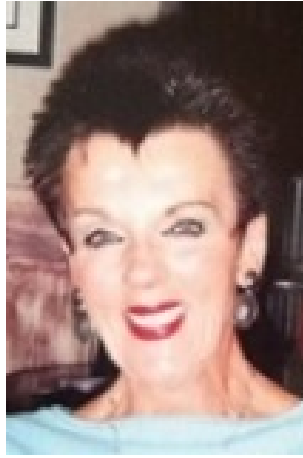

Email: rdrake1@comcast.net

As a 1968 ROTC scholarship “Distinguished Military Graduate” of the College of William and Mary, I went directly into the Army upon graduation; spent five years as an officer with the Army Special Forces (Green Berets), to include two tours in Vietnam supporting special operations along the Laotian and Cambodian borders. Received a post-graduate fellowship from the Army which I used to complete an MBA program at Tulane University where I was fortunate to graduate at the top of my class (December 1974). I used that training to also sit for and pass both the CPA exam and the Certificate in Management Accounting (CMA) exam, with national honors awarded for the latter. After five subsequent years in DC on Army staff, I left the Army and went to work for the NSA at Ft Meade with the objective of completing law school at night (courtesy of my VA benefits) and then moving on. Completed my JD in 1984, but wound up getting deeply involved in NSA operations and spent the next 20 years (roughly 1979 to 1999) working with the best group of dedicated and highly talented people I could ever hope to work with [despite all the (primarily naive and erroneous) controversial press reports of recent months]. After retiring from NSA I spent a couple years doing pro bono consulting before going to work with a small firm here in Columbia that was eventually bought by Northrop Grumman. I retired from Northrop Grumman last year (2013), and am enjoying a retirement sabbatical while exploring possible opportunities in the nonprofit sector and academia (I taught various business courses part-time at the collegiate level for about twelve years back in the ‘70s and ‘80s). I continue to indulge a variety of personal interests, ranging from “lifelong learning” (emphasis on history, literature, and the fine arts), Tai Chi, and meditation to SCUBA diving, mountaineering, and other forms of adventure travel (while the body permits). Have climbed Mt. Meru and Mt. Kilimanjaro in Africa and several peaks in South America, boated on the upper Amazon, dived in Tahiti and Palau, toured much of Europe and the Med, and trekked to the Everest Base Camps in both Nepal and (most recently) Tibet. I’m hoping to return to Africa this summer for a game safari in Kenya and Tanzania; and to Southeast Asia next year to do penance in Vietnam, Laos, and Cambodia. On the family front I remain the proud Papa of an exceptional daughter, and Grandpa to two beautiful, athletic, and brilliant granddaughters. On balance, life has been good these past 50 years; and I hope the vast majority of our classmates can say the same. Here’s hoping the Class of 1964 has a great 50th reunion!!

Spouse/Partner: Linda A. Engelmeier

Children:

Employer: Retired Federal Employee

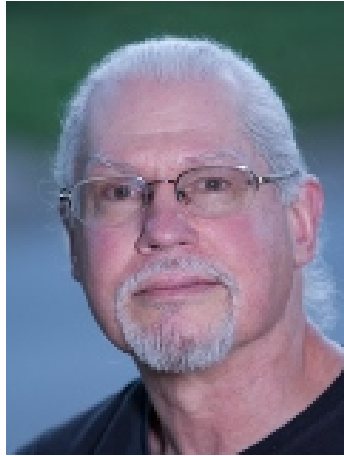

Email: radiobug@verizon.net

Wow, it can't be 50 years already – must be some mistake - maybe we need to check that calendar again. Well, I'm still here in Rockville, except for four years away at college, but we plan to move to the Williamsburg, Virginia area in the near future. Graduated from Allegheny College in Pennsylvania in 68 and soon after accepted a job with the CIA. Picked up a Masters in Public Administration at George Mason University along the way. I retired from the Agency as an IT Program Manager in 2007. Thirty-eight years in the federal bureaucracy was more than enough. Linda and I will celebrate our 35th wedding anniversary in October 2014. She is retired from the Department of Commerce. No kids, but lots of family in the area and we have two thoroughly spoiled dogs. We've had a small beach house on the Outer Banks of North Carolina since 1999 and enjoy spending time there, particularly in the spring and fall. I'm active in amateur radio and enjoy golf, swimming, kayaking, bicycling and keeping in touch with friends and family online. Really looking forward to seeing my classmates at the RMHS 50th reunion.

Stephen Etter

Austin, TX

Spouse/Partner: Carrell Grigsby

Children: Carijane Grigsby-Etter
(1980)

Employer: Retired from State of
Texas

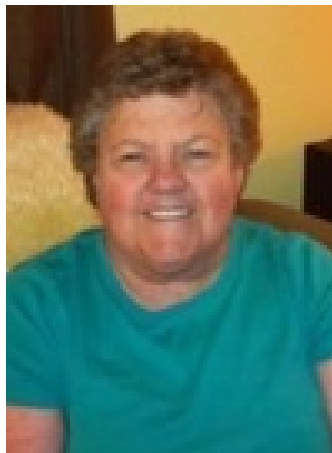

Email:
stephendudleyetter@gmail.com

After RMHS I entered the University of Maryland, majoring in physics-astronomy. In 1967, after a somewhat checkered academic experience at U of MD, I dropped out of school and worked for a local landscaping company for a few months. In January, 1968, Bill Chittenden and I took off for Columbus, Ohio to attend The Ohio State University. Initially majoring in math at OSU, I blundered into a geology course, loved it, and immediately switched majors. It was a good choice for me. My geological studies have taken me to many interesting places including England, Scotland, Wales, Scandinavia, and all over the western United States. Certainly the highlight of my geological travels was a research expedition to Antarctica in 1970-71. After I returned from Antarctica, I worked for the newly-created EPA in downtown DC. I entered graduate school at the University of Texas at Austin in the fall of 1971 and (finally) received my Ph.D. in 1979. My dissertation research area was conveniently located just an hour or so north of California's beautiful Napa Valley wine county-hence another life-long interest! In 1978 I began working for the State of Texas, mainly with groundwater contamination issues and permitting programs for uranium mining, injection wells, and radioactive waste disposal facilities. It is difficult to characterize my tenure with the Great State of Texas. Now retired, I tend to look back on it as a continual struggle between the forces of sound science, competently applied (ME) and the forces of Big Texas politics, money, and greed (THEM.) I lost. While in graduate school, I met my future wife, Carrell Grigsby, on a blind date at the Texas School for the Blind (really!) where she was teaching. One more date and two months later during Spring Break we were married by a JP in downtown Austin for 10 bucks. Next April we will have been together for 40 years. Not a bad investment! We have one daughter, Carijane, who works at the main headquarters of Whole Foods here in Austin. Retired from teaching, Carrell, a Master Photographer, started her own business, Carrell Grigsby Photography. I help her out as I can, mostly by carrying equipment and manipulating the remote lighting, but occasionally I get to do a little shooting too. Lately my old interest in astronomy has been rekindled and I have been collecting telescopes, mostly old ones. I think I have 16 by now. I really need to stop.

Judith (Fauley) German

Crownsville, MD

Spouse/Partner:

Children: Jodi (1973), Jack (1978),
Jamie (1980)

Employer:

Email: judy.german5@gmail.com

Has it been 50 years? Seems like a lifetime ago. How do you fit 50 years in a box? Well, here goes. After graduation, I went to Frostburg State University and received my Bachelor's in 1968. I married soon after college and began teaching in Anne Arundel County, Maryland. I was married for 17 years and had three children, a daughter and two sons. During that time I completed my Master's at Towson State University. After my marriage ended, I returned to teaching in 1986, ironically to the same school I had left in 1973. I taught grades 2 through 4 and was an intervention specialist the last three years of my career. I retired in 2009 and am totally enjoying life. I spend time with family and friends, travel to visit my children who are in Frostburg, Boston and Los Angeles, take art lessons which is something completely new for me. I also love to read which was more difficult to do when I was working. I have enjoyed reading all the profiles and am looking forward to seeing everyone some day in the future.

High--Graduating RMHS Low--Having to go to work High--Driving across country in VW van-1970 Low--Being
escorted out of Texas for Peace Sign, long hair, and beard High--Graduating from Univ of Maryland-1971
Low--No job High--Backpacking across Europe for 6 months-1972 Low--Running out of money From there my
life started to settle down. I got a job as a "Captain of Industry"-Salesman, with Ingersoll-Rand-1973. I married a
Coed from UM-1974 and have two beautiful children, Kevin & Katie. I left IR in 1996 and purchased a small
business selling anti-freeze recycling systems to the National Guard. Sold that in 2005 and retired--or thought I
did. In 2006 I got divorced and moved to South Carolina, for the sun and golf. That lasted 6 months, and I
learned I couldn't go from the fast lane to no lane. I started substitute teaching, ended up in an alternative
certification and earned my South Carolina Educator License when I was 65. I have been teaching special
education for the past 7 years. While at school a young lady caught my eye and we have now been married 5
years. My grandmother had a saying "Once an adult--twice a child" and we are all headed that way thanks to the
two cruelest individuals around-Mother Nature and Father Time. Together they rob us of our youth, hair, teeth
and skin tone. Men stand at the urinal and pray and women know the meaning of 42XLong. We are truly at
their mercy.

Still trying to figure out where 50 years have gone, and hoping for more years to decide what to be when I grow up. Teaching, designing jewelry and writing a book, gardening, dog tending, cooking and always busy with no desire to slow down any time soon. Looking forward to seeing everyone and hoping I recognize at least a few.

Richard Montgomery High School

Class of 1964

Dian (Ferrell) Thomson

Keedysville, MD

Spouse/Partner: Terry Thomson

Children:

Employer: Retired from Miller Miller & Canby of Rockville

Email: dian11@verizon.net

Gosh, I blinked and 50 years flew by! The first two summers after graduation pretty much shaped my future. Summer of '64 I worked at the Rockville Drive-In Theatre (great place to work - mostly teenagers and only a few adults) where I met Terry Thomson (WJ class of '66), who turned out to be the love of my life (we've been married almost 47 years). The summer of '65 I went to work for the law firm of Miller, Miller & Canby in Rockville - I needed office work experience for my Assoc. Degree from MJC. That began my career as a legal secretary/paralegal. I retired from MM&C this spring, 49 years later with some time off for good behavior (marriage and motherhood). After living in Jax, FL for a few years while Terry was in the Navy, we settled in Frederick, had two terrific kids [1 boy ('72), 1 girl ('78)] and thoroughly enjoyed (most of the time) watching them grow up. We packed so much into those years our motto was (and still is) "We're the Thomsons, we live on the edge." Eleven years ago, we moved to the Hagerstown area (downsized our home and upsized our garage). For the past 10 years my hobby has been "grandchildren" [1 boy (5/04), 1 girl (8/04)]. Since retiring I'm getting back to some prior hobbies - gardening, music, sewing (sadly volleyball and biking will not be among them). Terry and I love traveling (by car, rv, plane or ship) and going to cruise-ins and Sonic in our '69 Chevelle (our first new car); we spend a lot of time going to family athletic events - ice hockey, ice skating, field hockey, lacrosse. Most of all we enjoy lots of good times, get togethers and vacations with our kids, daughter/son-inlaw and grandkids (we are extremely blessed in that regard) and with close relatives/long-time friends. Sandy Kennedy and Ruth Umbenhauer and I have kept up with each other all this time - we've been friends since our days at Maryvale Elementary. I'm really looking forward to the Reunion. See you in October.

September 64 to February 79 - United States Navy. Served on a destroyer, submarine tender, submarine, and aircraft carrier. Four years in the middle were on recruiting duty in Wheaton. Left the Navy in 1979 and went to work with an engineering consulting firm in Washington. Took on a 6 month consulting contract with General Motors assisting with the start-up of the Detroit/Hamtramck assembly plant in March of 1985. Been in Michigan ever since. Had the opportunity to work with Roger Penske when he purchased Detroit Diesel. Spend a couple of days with this man and you understand why he has become so successful. Finished up actually working at a local steel plant that finishes the steel used to make truck bumpers. Would ask everyone to take a look at your lifestyle and make any necessary changes. Got carried out of the house and to the hospital in the back of a meat wagon last December...not a trip that I would recommend anyone taking.

Guenard Gull

Children: Jamie (1983), David (1985)

Employer: Retired

Email: evangull@sopris.net

I graduated from Cornell University with BSEE in 1968, then worked for NASA on the Apollo program at Goddard Space Flight Center 1968-1973. I moved to Aspen in early 1973, where I met Flossie. We were married in 1974 so are going to have our 40th anniversary in May. We lived in Dhahran, Saudi Arabia from 1975-1980 where I was a Cost Estimator and then a computer applications administrator, and Flossie was an aircraft and helicopter dispatcher. We returned to Aspen in 1980 where I started a computer service business which transformed into a software company specializing in the Vacation Rental Management business. I spent most of my career in this industry and retired at the end of 2013. Flossie is a Fine Arts Major from LSU and has worked in retail and now has a business in interior design. Our two sons were born and raised in Aspen and now live in Los Angeles and New York City. We have spent a lot of time sailing as a family and continue to enjoy time on our boat in Marina del Rey, CA. We are all active in the outdoors sailing, hiking, skiing and camping. I would love to hear from anyone who makes it to the Aspen area. Below is a picture of Evan and his family at Christmas 2013.

Michael Hancock

Olney, MD

Spouse/Partner: Judy

Children: Jeffrey 1977 and Alan 1979

Employer: self /home improvements

Email:
michaelhancock1@verizon.net

After graduating, took off for Montgomery College, then Univ. of Maryland where I got my Civil Engineering Degree...met my beautiful wife, Judy there and we married in 1970. I went to work as an oceanographer for Naval Oceanographic Office ("NAVOCEANO" as it was called). Travel took me to Bermuda and to Guam, but 3 months home, then 3 months gone was not in my long term future. Started anew w/ George Hyman Construction Co. on BIG buildings for 13 years..then had my fill of all that concrete. Worked with a friend on custom resin tables and bars - the company was called "Shipwreck" (...and it was). In 1988 the home improvements work was started - I was my own boss and have been for 25 years and still working - doing lots of house repairs, kitchens and baths -- you name it ! We have two wonderful sons - bigger than me now (who bully me all the time - just kidding !) No grandchildren yet, but there's still future. I hope to see lots of friends at the reunion and well have fun !

Hi all! I have been in sunny Florida for 36 years but when you live in paradise, who counts? We wanted a place to raise our two girls without the hustle and bustle of a big city; and have really enjoyed Sarasota. My husband Chip and I have been married for 48 years in July! My gosh! How can I be that old?? We've been very blessed with excellent health. We spent a short period of time in the restaurant business and entered the ministry about 28 years ago. We are both retired ordained ministers (we can marry and bury). I have enjoyed teaching the Word of God to Women's Conferences and Seminars all around the State. I have been very fortunate to have been a "Stay at Home Mom". We really retired when we came to Florida, but made it official about 6 years ago. We have 4 grandchildren and three of them live about 8 miles from us. We love being grandparents!! It has kept us young!! We have sleepovers, camping, run all over Disney, go to the beach, golf, and love to get with friends! We hope to see everyone at the reunion in 2014!

I went into the Navy right after High School and served for 29 years. I was aboard the aircraft carriers USS America (twice), USS Constellation, USS Tarawa, and USS Carl Vinson. We cruised in the Atlantic, Mediterranean Sea, Pacific, China Seas (Viet Nam), Indian Ocean and Bering Sea. Along the way I served at naval bases in Great Lakes Ill, Memphis Tn, Sanford Fl, Norfolk Va, Oceana Va, San Diego Ca, Alameda Ca, Meridian Ms, Lemoore Ca, Jacksonville Fl, and Mayport Fl. I was in several aircraft squadrons as well and finished my Navy career as a Command Master Chief of a squadron in Mayport, Fl. After retiring from the Navy I stayed in Florida, worked retail for a while and now we are enjoying full retirement in Jacksonville Beach, Fl. I've been married to my wife Yone from Okinawa (met in San Diego) for 31 years. I have a daughter, Angela, from a prior marriage and 2 granddaughters, Abigail age 6 and Natalie Joy age 4. Also 2 step grandsons, Aidan age 13 and Isaiah age 12. My daughter and her family live in Chesapeake Va and I have many family members living near the Frederick Md area.

David Holden

Santa Fe, NM

Spouse/Partner: Fran (Davis)
(Highpoint, Class of '65)

Children: Nate(73) Courtney(69)

Employer: retired

Email: holdend1@msn.com

Fran and I celebrated our 35th anniversary in August, which was also the 1st anniversary of our new retirement home in Santa Fe. We have also lived in Columbia, Md, Denver, Co and Baltimore, Md. After RMHS I attended MC(Engineering) and Towson(Business). I was drafted in '68 and served 2 years in the USArmy. I have held several sales jobs, most recently real estate with Long & Foster in Baltimore. I took up tennis in my 20s and still play several times a week. We have traveled a lot of the US and plan do much more now that we have the time. Our children live in CA and Nate and Maggie are planning their wedding for fall of '15.

Tok Horton

La Plata, MD

Spouse/Partner: Terry

Children: Keith, Brian, Ann Marie,
and Matthew

Employer: Semi-retired

Email: tokhorton@verizon.net

Fifty years is a long time to chronicle but here is my best shot: 1964 - 1966: Attempted college but failed. Worked in construction by and large including a stint in Rochester, NY as an iron worker. 1967 - 1969: US Army. Stationed in NC, Ga., Indiana, Oakland, Ca., Arlington Va. One year in Vietnam. 1970 - 1973: Returned to construction work and then returned to college - graduating in 1973 from American University. 1974 - 1976: Married my wonderful wife, Terry, in February, 1975. Passed CPA Exam. Worked in public accounting, auditing and taxes primarily. 1977 - 1978: Entered graduate program at the University of Maryland, College Park. Graduated in 1978, MBA in finance. 1979 - 1989: Worked for the Federal Deposit Insurance Corporation (FDIC) in various capacities (Audit, IT, Budget and Planning, Failed Bank Resolution). 1990 - 1996: Worked for the Resolution Trust Corporation (RTC) which was created to resolve the savings and loan crisis. I held various senior positions. A very difficult political and economic environment but at the end it all worked out. 1997 - 1998: Retired. Self employed as a consultant. 1998 - 2010: Worked for Ernst and Young as a Principal/Executive Director. Three and one-half years in Asia: China, Korea, Thailand, and Indonesia. Also worked in Mexico, Jamaica, and Russia. Clients included govt. ministries (Finance and Banking), private equity funds, and global investment bankers all seeking to resolve or buy failed banks and distressed assets. Returned to US clients including investment banks, government agencies, Fannie Mae, Ginnie Mae, and commercial banks. Focused on mortgage finance, securitization and capital market issues. 2011: Retired from EY as full-time employee. Since then working as a very part-time contractor. Enjoying life - travelling, biking, golfing and gardening and enjoying my wife and four children. A little long winded but that about sizes it up.

Louis Hostler

Wheaton, MD

Spouse/Partner: Sue

Children: Dan

Employer: Bread for the World

Email: lhostler@bread.org

My greatest accomplishment so far in life is I'm still lucid and mobile. Oh yeah, and I've been married for 45 years to Sue (Harris; BCC '64). We are very lucky that our son Dan, wife Kristen and granddaughters Mia and Grace live a 45 minute car ride away. It gives us the chance to see them often and watch the girls grow up. Sue and I both continue to work full time and enjoy our jobs. Retirement is somewhere down the road. It is sad to see the list of deceased classmates I won't have a chance to see again and talk to. On the other hand, I look forward to seeing and talking to the many classmates that are planning on coming to the reunion.

Sharpsburg, MD

Spouse/Partner: Richard Hoover

Children: Julie (1969) Robert (1970)

Employer:

Email: hoovepat@gmail.com

Rick and I were married in 1968. We started our family right away. To give the kids a better place to grow up we moved to historic Sharpsburg, Maryland. Home of the Battle of Antietam during the Civil War. Our kids were into history in a big way. We are really out in the boondocks. We didn't have mail delivery on our road until a few years ago. I went to work for the Washington County Board of Education in 1979. I was an Instructional Assistant in Special Education until I retired after 29 years. Through the years I worked with students in all grades with many different learning difficulties. I would have continued working if my health was better. Rick was an Electrician, Heating and Air Tech. We have always done some farming on the side. Our daughter, Julie, works for Washington County in the Department of Environment. Our son, Robert is a Firefighter for the Hagerstown Fire Department full-time and part-time with Washington County Hazmat and special operations. We have three grandchildren. Two boys and a girl. We enjoy retirement. Rick still farms as a hobby. I do some needlework, reading, and writing in my spare time.

Boston / Santa Fe, MA /NM

Spouse/Partner: Charles (Chuck) Hyle

Children: Emily (1977)

Employer: Retired - self employed

Email: Ckhyle@gmail.com

50 years? Really? I think I have been so lucky to have been able to be in contact with so many of my RMHS buddies over the years, that it hardly seems possible that so many years have passed. So I am not really sure how much I have to say that might be new or interesting, but I'll just give a quick summary of a life that I have found to be quite exhilarating in breadth and depth of experiences and learnings over the years. After a false start, I have married a great guy who brought with him a most loving and exceptional daughter, so I have had a very happy life over the past 26 years. I have lived in a lot of fast-paced and innovative places - Murray Hill, NJ (who knew?), NYC, San Francisco, London, Cleveland (a bit off-track I will admit) and now Boston and Santa Fe. Career wise, I guess I am a generalist, though I prefer to think of my being a life long learner. I went from Bell Labs after college, to Honeywell Information Systems, and then into the world of finance and technology at NY and SF banks. From there, I started my own marketing company with the big banks as my clients, which gave me the wonderful opportunity to travel the world and learn so much about different cultures. Since we moved to Cleveland, I moved my business into the non-profit world, philanthropy, and economic development. Last year, my husband Chuck and I both "retired" and now spend our time on less profitable, but quite satisfying work lives. He continues in Finance, and I seem to be focusing more on education reform, with an emphasis on the STEM subjects that I have always loved, and that are becoming more important than ever for our society. Can't wait to see everyone next October!!

Wilmington, NC

Spouse/Partner: divorced

Children: Eric Van Meter (1968),
Matthew Van Meter (1973), Trevor
Van Meter (1975), & Marni Van
Meter (1979)

Employer: retired

Email: skennedy737@gmail.com

It is amazing how life has flown by and we now have this wonderful opportunity to reconnect after 50 years – can't wait to hear about the stories of our lives – children of the sixties! And what is 50 years among friends! Who knew what the future would hold for us? Did we understand the gift it would be to raise a family? I certainly didn't, but had the incredible good fortune to raise four wonderful, healthy children and be blessed by two fabulous grandchildren. They are my greatest accomplishment and fill my life with joy. Due to company transfers, I have lived in Newport, RI, Raleigh, NC and am now retired to Wilmington, NC...a beautiful relaxed southern coastal city. My work has always been with large organizations - NOAA, Geological Survey and Duke Energy, and when I decided to update my skills or "retool" myself, I enjoyed a number of years working at Wilmington's, New Hanover Regional Medical Center. It was my favorite job – sometimes it takes us a while to really understand what we need to be happy and fulfilled, and our life takes a different path. My life is like my knitting projects (which is my favorite hobby), and all my life's experiences have knitted together to create a satisfying result from lots of effort! Sometimes it is not exactly what you expect but it is all good!

Richard Montgomery High School

Class of 1964

Patricia (Kline) Bass

Middlebury, VT

Spouse/Partner: Peter J. Mulgrew

Children: Erin (1968), Carey (1977)

Employer: Retired Realtor

Email: patbass@hotmail.com

I left MD in '73 living in England, Germany, VA and TN before returning to MD in '98 (living & working in Annapolis). Pete Mulgrew ('63) and I had been great friends since Jr High. Both being divorced, we reunited at the 2000 Reunion after having not seen each other for 16 years and have been together ever since. We are very close to our children (we have 2 each) and grandchildren (9 total). We're still best friends! Recently retired, we moved from Annapolis to Middlebury, VT and now also have a condo in Pawleys Island, SC where we spend winters playing lots of golf and spending time at the beach. Recent RMHS visitors have been Betty Roach, Delores Thayer, Patsy Monard, and Mike Kamrad. Frank Emerson lives only a few miles away in SC and he and Pete have played golf together. If there had been an award for the "most skipped days" (for many reasons) in grades 10-12, I have no doubt I would have won it. However, I went on to earn a BS Degree in Business from the University of Tennessee...Magna Cum Laude! Who would have thought? We will look forward to the 50th (Yikes!) Reunion! Hopefully it won't be as crazy as our Senior Party (after banquet at Washingtonian) that was held at my house. I had to pick up 300 beer cans the next day and I think my horse might have even been a bit tipsy. Best to all...

Robert Lentz

Leesburg, VA

Spouse/Partner: Pamela Lentz

Children: Robert Lentz II

Employer: FGR Consulting

Email: robertlentz64@gmail.com

After graduating from U. of Md I entered the Navy (was at OCS at the same time as Bill Redkey). I spent 10 years in the Navy, living in Washington, D.C., northern Germany, Monterey, CA, and Scotland. My positions in intelligence and satellite operations led me to a career at TRW in Redondo Beach and then in northern Virginia. I'm in my second marriage and have one son, also in the northern Virginia area. I founded my own consulting company several years ago after retiring from TRW. About 4 years ago I developed a 6 acre parcel of land near Leesburg, VA., where I live now. For the past 25 years I have been building and racing sports cars at the National level, finishing as high as 5th in the country 2 years ago. Racing provides an outlet for my central passion, and I'll likely keep doing it until I start going slower.

Ten days after I graduated from RMHS, I entered the U.S.Navy. Went through basis training in San Diego, Ca., for thirteen weeks. Then entered Navy Corps School in San Diego, for twenty weeks. In 1965 I was stationed at Bethesda Naval Hospital. I married Yvonne Louise Murphy (1964) February 17, 1966 at the Bethesda Naval Chapel. Fifty two days after we married, I was sent to Camp Le June, North Carolina, for Fleet Marine Force Training on my way to Viet Nam. I was a combat corpsman with the 1st Battalion 9th Marines "B" Company, 3rd Marine Division. Vonnie and I were married 18 years. She fought the cancer for the last three years of her life and died May 1, 1984. I had been a Montgomery County Police Dispatcher from 1967 to 1988. After which I was in Retail until I retired on Social Security at age 62. In 1985, I married Victoria Walton Ewan (Class of 1965), and we have a total of five children. later, we adopted a sixth child. We now have a total of fifteen grandchildren. Vicki and I have been married for twenty eight years. We now live in Palmyra, Pa., six miles East of Hershey, Pa. Well that's about it for now.

Class of 1964

Jerry Mader

Damascus, MD

Spouse/Partner: Sandra Marie Mader

Children: Mike 7/7/79.....Kimberly
2/22/82.....can't remember their
ages....but I got the birth dates down
pat....it's all in the numbers

Employer: Lockheed Martin/ retired
and loving it

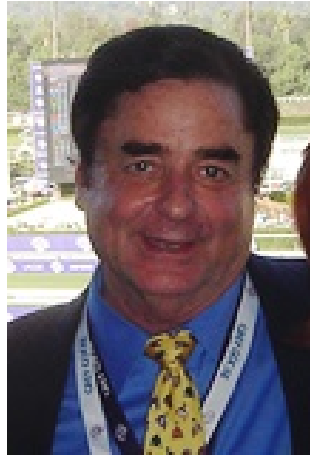

Email: swabby68@gmail.com

Upon graduation from RM I departed to Minnesota to find my fame and fortune. What I did find were mosquitoes as big as the fish, snow and more snow. After about two years returned back to Maryland due to circumstances beyond my control; as in pre-induction physicals. I knew my civilian time was short. Shortly after arriving back in Maryland I received my draft notice and promptly enlisted in the Navy the same day. Thought it was my best chance to see the world. The Navy in its infinite wisdom sent me to Basic Electricity and Electronics School then to Radiomen A School. Then shipped me out to Navcomsta Balboa in the Panama Canal Zone for the duration of my enlistment. Never got to see the world but Panama was a tropical paradise. After leaving the Navy did some time at the Rockville Post Office and the Montgomery Cty. police department as a dispatcher. In 1971 Marie and I were married and I decided to use the GI Bill and attend the Univ. of Md. Amazingly I graduated in four years.....I can now say I graduated from a Big Ten University. In 1980 I was able to hook up with the GE Information Technology Division which was then sold to RCA which later was sold to Martin Marietta which merged with Lockheed and became Lockheed Martin. In 2007 I retired after 28 years in management in government contracting and would add loving it...no stress and no alarm clock. Marie plans on retiring in December of this year from the Federal Government. We both like to travel and love cruising.....have seen most of the warm Caribbean. Since retiring I have been busy checking things off my bucket list and of course I keep adding to it. Best RM memories.....football games and waiting for Brian Freeman to arrive at school in his 56 Chevy with others....we would pile in and tell Brian to head for Chesapeake Beach and he always said lets go. Of course there have been many life experiences over the last 50 years....but as I tell my Kids....what doesn't kill you makes you stronger. Looking forward to a fantastic 50 year reunion.

Joseph McLellan

Rockville, MD

Spouse/Partner: Myra

Children: none

Employer: Verizon/retired

Email: josephmclellan@comcast.net

After putting in 3 hard years of play at Catawba College in NC, I started working in the real world in July of 1968 at C&P Telephone Co in Washington, DC. Seeing that a college degree would be in my best interest, I finished my four year requirement at UMD in 1976. After 32 years of many assignments including supervising, selling, system engineering and consulting I decided to return to hard years of play in 2001 retiring from Verizon. I married a college sweetheart, Myra in 1971 and had the experience of raising a nephew for his teenage years during the 70's. Myra and I have lived in Rockville for 42 years and at our current home since 1978. We enjoy vacationing in North Myrtle Beach as we bought a condo there in 2002. My favorite hobby is golf which I play for entertainment as skill eludes me. Myra is a avid reader (burns up Kindles) and gardener.

Children: Laura (1970), Amy (1972),
Dean (1987), David (1989), Caitlin
(1992)

Employer: LMI Government
Consulting; SAIC

Email: merrill115@gmail.com

I'm looking forward to the reunion and have thoroughly enjoyed reading the bios. My close circle of friends is dominated by those I met in the second grade at Lone Oak Elementary and grew up with through Broome and RM. I consider myself blessed that a significant number of us stay in touch (pre-dating Facebook) and still get together and enjoy each other's company. Hopefully, the reunion will expand the group. I've been traveling for the past 50 years: 30 years in the Navy (Japan, Philippines, Greece, several Mediterranean and Indian Ocean cruises), twelve in business in various parts of the U.S., and the past four in Iraq and Afghanistan. I have five children (ages 21 to 42), 5 grandchildren, 11 dogs (rescues mostly), and 2 parrots that I can't explain. My wife, Kari, is a nursing professor for several online universities and does a great job holding the whole thing together while I continue to wander around looking for closure. We've lived in South Florida (probably less than 20 minutes from Carol Heldreth but didn't know it) for 13 years, the last 6 waiting for the youngest three children to graduate from FGCU "Dunk City". In anticipation of the final graduation next year, we're overhauling our home outside of Knoxville and planning the move halfway back to Rockville.

Ellen (Miller) Lynn

Castle Pines, CO

Spouse/Partner: David

Children: Michael (1973) Amy (1979)

Employer: Retired teacher

Email: Grameelynn@gmail.com

Hello old friends, it has been many years since I have seen any of you. After graduating from the U of MD, I taught in Montgomery Co for two years. I married Capt. David Lynn in 1971 in Frederick, and proceeded to move around the country and globe with him. We were at Ft. Detrick for a few years where our son Mike was born. We then went to Ft. Bragg and onto Belgium where Amy was born. Virginia was our next home and I was able to attend the 20th reunion which was a blast. After VA we moved to CO so David could work at Fitzsimons Army Medical Center. I went back into teaching, got my Masters in Technology, and David retired as a Lt. Col. Our children grew up, got married, and had kids of their own. We have four wonderful grandsons. Mike was in MN for awhile but now lives near Boulder. Amy lives in Aurora, CO with her husband and two sons. We are so blessed to have them near. I am retired now and getting to choose my activities, including volunteering. Right now I am a docent at Cherokee Ranch and Castle. Yes there are castles in Colorado. Sad to see that some of our classmates have left us and I hope that those of you still kicking are doing well. I would love to hear from former classmates. I think the only classmate I kept in touch with was Judy Stewart Furhman and I did run into Ben and Judy Sellers in VA, over 20 years ago.

Pamela (Miller) Grabowski

Jefferson, MD

Spouse/Partner: George Grabowski

Children: Susan (1966), Jeff (1967),
Eric (1970), Tommy (1971)

Employer: Retired from Frederick
County MD Public Schools

Email: grab1010@comcast.net

The last 50 years have gone by so fast. I took my mother to her 50th class reunion in 1982 and I now it is already time for ours. Life has been very good to me. As a single mom, I was fortunate to have my four children to turn out to be wonderful caring adults, who have achieved success in their chosen fields. We remain close even though my daughter is in Arizona and my middle son lives in southern California. My other two sons live within three miles and we get together often. I graduated from Hood College with a BA in Business Management and a minor in Human Resources Management. This provided me the opportunity to hold an administrative position with Frederick County Maryland Public Schools. It was a very rewarding career and after 25 years, I retired in 2009. Retirement has given me more time to work on my love of quilts and quilting and to use those skills in various charity projects supported by my quilt guild. Retirement is wonderful! In 1999, I married my high school sweetheart, George Grabowski (RMHS '62). After my graduation, we went our separate ways and then got back together 35 years later. We have a home in Jefferson, Maryland where we spend as little time as possible. Our other home is a 43' Winnebago Motor Home and we travel all over the United States. You can find us in Clermont, Florida from November until April. We just love the freedom our COW (condo on wheels) allows us. We are so very fortunate to be able to lead this life style thanks to help of my sons who take care of the house while we are away. It doesn't look like we will be able to attend the reunion as we have a trip planned, but I wish all of you a wonderful time. I have enjoyed reading everyone's profiles and learning about the many and varied paths our lives have taken. Many thanks to the reunion committee - you have done a wonderful job! Enjoy and know we will be thinking about you!

Eric Mills

Gaithersburg, MD

Spouse/Partner: Nancy Mills

Children: Sam (1988) ; Lucas (1990)

Employer: Semi Retired

Email: millseri@verizon.net

It's difficult to fathom how fast 50 years can go by. Most of my time has been spent in the area, mostly in Gaithersburg. I haven't seen too many '64 'grads in my daily travels, but have spent time with Bill Guillot (63) and Curt McGetterick, when he was in town performing. My wife Nancy and I frequently see Joe McLellan, and he and his wife remain our best friends. I loved working in Montgomery County Schools as both a teacher and administrator. My wife Nancy is still teaching in the county and our two sons grew up locally and spent their summers at Deep Creek Lake. I'm looking forward to seeing ole friends again at the reunion !!!

Patricia (Monard) McLaughlin

Frederick, MD

Spouse/Partner: Michael McLaughlin

Children: Joseph (1966) Melissa (1970)

Employer:

Email: p.a.mclaughlin@hotmail.com

Whoa! 50 years already? Time sure does fly when you're having fun! I hope everyone is doing well! I can't wait to see all of you. After graduating from RMHS, I married Mike McLaughlin from Bethesda. We have 2 Children Joey and Melissa. I went to work for the Circuit Court in Montgomery County. Later on I moved to Frederick, Maryland where I was blessed with my one and only Grandchild Brittany. I ended up retiring from Circuit Court and taking care of my husband when he became ill. I lost him in 2003 but I have been blessed with my Mother still being alive at the age of 94 , she's still living in the same house with the same phone number I was raised in.

Thomas Musgrove

Rockville, MD

Spouse/Partner: Shelley Colvin Musgrove

Children: Thomas Jr. (1969) Tammy (1973) Thomas Daly - Stepson

Employer: Retired - Montgomery Co. Dept of Fire Rescue

Email: tommusgrove@verizon.net

After graduation, I went to work for the fire service in Rockville at Station 3 on Hungerford Drive. In 1967 I married Linda Ack, a nurse at Suburban Hospital, and we started our family with the birth of our son, Thomas Jr. in 1969 and daughter, Tammy, in 1973. In 1988, Linda passed away after an extended illness. During my 30+ year career in the fire service, I held positions as an Instructor, Metro Officer, Safety Officer and Station Commander. In addition, I was a founding member of the Montgomery County Urban Search and Rescue Team. As a member of this team, I traveled to Oklahoma City in 1995 to perform rescue operations in the aftermath of one of this countries worst disasters. I also participated in rescue operations in 2001 at the Pentagon after the events of 9/11. After retirement, I served as the Fire Chief of Rockville VFD, Laytonsville District VFD and currently the Fire Chief at Takoma Park VFD. I am currently employed by Maryland Fire Equipment Corporation as the Director of Training. In 1999 I married Shelley Daly and she and her son, Tom joined my family. I am the proud Grandfather of six grandchildren, Lance (22), Alyssa (21), Jamie (16), Laine (13), Carly (10), and Colton (4). In my "free" time, Shelley and I enjoy cruise vacations to exotic places. Looking forward to the next 50 years!

Where has the time gone. 50 years.... I won't bore you with a lot of details. I graduated from Benjamin Franklin University in Washington, D. C. in 1966. I worked in Public Accounting in Washington for about 20 years. I have 3 fantastic daughters and 3 wonderful grandchildren. I moved my family to Gettysburg, PA. Then to Dover, Delaware and then back to York, PA. I have been married to Deborah, a wonderful lady, for 7 years though we have been together for more than 20. She is my reason for living. After being diagnosed and treated for cancer in 2003. I re-evaluated my priorities and decided to try a little less work and a little more fun. I have always enjoyed hunting and fishing. I took up golf (not so sure that was very smart). I have become an avid wood carver, a scroll sawer, and a wood turner.

Brent (O'Hara) Jacocks

Washington Grove, MD

Spouse/Partner: Ritchie Jacocks

Children: Alex (1976) and Julie (1984)

Employer: retired

Email: brentjacocks@gmail.com

I graduated from Dickinson College, Carlisle, PA, in '68 and married my high school sweetheart, Ritchie Jacocks in '72. I worked for Communications Satellite Corporation (COMSAT) for 31 years, first as an editor and then as manager of the Pubs department in Clarksburg and at L'Enfant Plaza. During that time our two children, Alex and Julie, were born. Alex is a senior level systems administrator, married to Amy Gallagher, and living in Queenstown, MD. Julie is married to Edgar Giovanni Rodriguez and attending Carey Law in Baltimore, MD. After COMSAT, I moved to American Speech-Language-Hearing Assn in Rockville, where I was pubs director for 12 years. Now I'm mostly retired, but working part-time as an editor for Lyceum Books in Chicago. I'm enjoying life with Ritchie, gardening and traveling as much as we can. I can't wait to catch up with everyone.

Diane (Pecoraro) Rutherford

Coeur d' Alene, ID

Spouse/Partner: Rob

Children: Rick (1972) Angie (1975)
Randy (1977)

Employer: Retired from Hospice of
Spokane

Email: rutherford29@roadrunner.com

Like most of us, I have had a wild & adventurous life. Since leaving Rockville, I have lived in Los Angeles, Seattle, Texas, Oklahoma, Spokane, WA and now Coeur d' Alene, Idaho. From the Future Nurses Club at RM, I have always loved nursing and have worked in a variety of hospital positions as well as public health I have done many medical projects in underdeveloped countries with my husband who is an orthopedic surgeon. We also engage in a variety of outdoor activities since the Pacific Northwest has a lot to offer. Traveling is a big part of my life and New Zealand was my favorite country and Antarctica my favorite trip. All that being said, I realize that nothing is important without good family and friends. We now have 6 grandchildren all under 6 years old. They are not close but live in fun places to visit. I cherish them all. I am also grateful for so many good friends. I think my time at RMHS was well spent in making nice friends and I am really looking forward to seeing you at our 50th reunion!

Lewis Piccolino

Spencerville, MD

Spouse/Partner:

Children:

Employer: NETworks Presentations
LLC, Columbia, MD

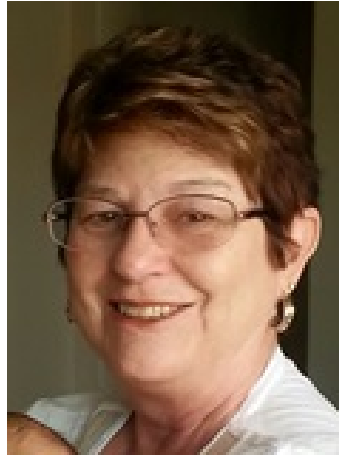

Email: buddypic1@gmail.com

We found Buddy on Facebook. His profile page says he lives in Spencerville, MD and that he was once employed by the Harlequin Dinner Theater in Rockville, MD where he appeared in over 55 productions over a 20 year period. After graduation, I attended Montgomery College (Rockville Campus) then transferred to Benjamin Franklin University, where I was an accounting and business administration major, escaping with a BCS. After college, was employed with the Montgomery County Public Schools in their Accounting Department. During the later part of 1972, I simultaneously auditioned for the Harlequin in Rockville and was hired in Harlequin's second show, PROMISES, PROMISES. In January of 1973, I resigned my position with MCPS, and became an actor with said company. During my time at the Harlequin, in Rockville, MD as well as Atlanta, GA, I became reacquainted with many RMHS alumni who graduated before and after our graduating class when they patronized the Harlequin. The Harlequin closed its doors in 1992. Learning to diversify I was working part time for an association when not in rehearsals for a show which turned out to be my next stepping stone. From the Harlequin, I worked for a private association for attorneys and Interstate Commerce Commission practitioners who practiced transportation law before the various federal courts and the Interstate Commerce Commission. With the coming of deregulation of the transportation industry during the Reagan administration, the association decided to close the association's DC office in 1990. My partner (whom I met in 1979) and I formed an association management company, and was able to assist the association to run their transportation law seminars as well as their Annual Meetings. While doing this we were able to travel throughout this country to many of America's finest resort areas. At the same time, I found another passion in bowling, both on the local, national, and international levels as a bowler, a league officer, as well as many other administrative positions. Traveled to many bowling tournaments (purely social events) throughout the USA, including Hawaii as well as Canada, Australia, and New Zealand. Through my bowling contacts, and making many friends throughout this wonderful country, I became involved in mentoring GLBT young men and women and championed many HIV and AIDS prevention and GLBT causes concerning health care, human rights and marriage equality. I am still gainfully employed with NETworks Presentations LLC, a theatrical production company in Columbia, MD that produces Broadway musicals for national and international tours. Theater was always a passion although it truly was not discovered and nurtured until after my time at RMHS. Although somewhat active in Black Maskers, and of course, John Preston's Glee Club. I believe our senior musical, WONDERFUL TOWN, planted the seed that was soon to be the blossoming of a character actor. Together with June Allen, Wonderful Town's Director, Hampton King (a 1965 RMHS graduate [now deceased]) and classmate Barry Norkin formed a group called the Rockville Jesters that created and performed original musicals. The group grew in many varied ways and is now known as ROUNDHOUSE Theatre. My partner and I split in that magical mystical year of 2000. Although I am now single, I am still very close to my many relatives in Pittsburgh, PA, as well as my brother, Richard (an RMHS graduate in 1969), my sister in law, Jill, and my godson and nephew, Brian Richard, who in his own right, is employed with the City of Chicago and also with Holy Family in Palatine, IL, and is a responsible and loving

Karen (Rapp) Wheeler

Waterbury, VT

Spouse/Partner: Leigh

Children: David (1967), Christopher (1971), Alison (1974)

Employer:

Email: karenwtby@gmail.com

How can fifty years have passed already? I'm really looking forward to the reunion and reconnecting with "old" friends. In a snapshot, I attended the University of Maryland after graduation. In 1966, I married my high school sweetheart, Leigh Wheeler (RMHS Class of 1962) after he graduated from the United States Military Academy. We spent the early years living in West Germany and on various military bases. Prior to Leigh's departure to Vietnam, we moved back to Rockville, Maryland. Upon his return, graduation from medical school and completion of residency, we moved to West Point and stayed for ten years. During this time, I lovingly raised three children as a stay-at-home mom. Leigh retired from the military in 1987, and continued to practice Emergency Medicine in Manchester, New Hampshire. Our transition to civilian life was a welcomed change. We had built a home in Vermont in advance of his military retirement and we split our time primarily between Vermont and New Hampshire. During the past three years of full retirement, we have enjoyed traveling the world. I am proud to say that our three children have grown to become successful adults, and we have six beautiful grandchildren. We are fortunate to be able to spend time with our children and grandchildren on a regular basis. See you in October! Bring pictures!

Employer: Keller Williams Realty

Email: sredkey@comcast.net

"...Two roads diverged in a wood, and I—I took the one less traveled by..." LOCATION: For the past 50 years, my road has continued to diverge, taking me first to college in Ohio, then back to Maryland for 17 years before my job took me Illinois for a year, then brought me back to Maryland briefly, before landing me in New England for another 17 years (Maine and New Hampshire). Thanks to a relocation opportunity with his company 2003, hubby Dan Cushing and I now call the beautiful Northwest home – Dan likes to say it's like New England on steroids: similar scenery, but the trees and mountains are higher (probably because of all the rain we get). Yes, that part's true – it does rain here, but unless one of the volcanoes blows, the climate is pleasantly mild here in Gig Harbor, WA (#5 on the Smithsonian's 2012 list of the 20 best small towns in America). I loved New England, but those black flies - really? Not to mention the heat, humidity, snow and ice... although that was good exercise, shoveling snow. PERSONAL: Between us, Dan and I have three daughters (one in Dublin, Ireland, one in Boston, one in Tacoma, WA), one daughter-in-law (also Tacoma), three grown grandchildren (in CA, WA and KS) and two cats (here with us). PROFESSIONAL: Dan has retired and become a skilled wood turner, while I still work part-time in real estate, having retired from computer programming, corporate training, technical writing and professional organizing. I've published a book on technical training and numerous articles on a variety of subjects, and look forward to pursuing more writing projects when I really retire. And travel – we'll do more traveling once my schedule relaxes.

After attending college at what is now Virginia Commonwealth University and majoring in interior design, I began my life long study of how our environment effects our lives. In the summer of 1967 Terry Mote introduced me to Don Bailey and we have been a team since then, enjoying life as Californians since 1969. We will have been married for 46 years this year. After working in various aspects of design I opened Linda Bailey Interior Design in 1980. Don and I have 3 grown children and 7 grandchildren. I am quite proud of Don's successful career in business. Now retired, I enjoy being a full time Nana (the best role of my life!) Looking forward to seeing many of you at the reunion!

Derwood, MD

Spouse/Partner:

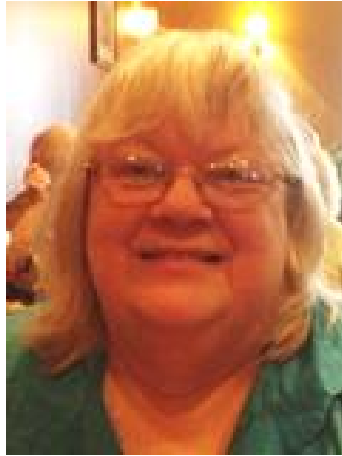

Children:

Employer:

Email: reeses16708@verizon.net

Hello Fellow Classmates, It's great to see the news from everyone. I am pleased to report that I am doing well. I am still employed in the Automotive Business, a career that I started on the afternoon of graduation. I went to the morning graduation ceremony and started my job as a new car get-ready mechanic on that same afternoon. This field has been good to me. I've held positions in Service and Sales. I stayed in the area and live in Derwood with my wife of 46 years. We have 5 children, ages 35-45, and we have the most fun with our 14 grandchildren. We have a vacation home at Deep Creek Lake in western MD and enjoy lots of good times on the Lake, on all kinds of water sports. I look forward to seeing you at the Class Reunion in 2014. Take good care. Tom

Irene (Rexroth) Thompson

Mount Airy, MD

Spouse/Partner:

Children: Eric (1967), Greg (1969),
Jason (1971)

Employer:

Email: dustwoman1@aol.com

I am currently doing bookkeeping for several companies, working four days a week. In addition, I am a Certified Massage Therapist and Childbirth Education Consultant, teaching the HypnoBirthing method of childbirth. I am an avid reader and love anything to do with alternative therapies and once in awhile enjoy a good Novel. All children are doing well, and I have 2 grandchildren, Julie (1992) and Noah (1997). Currently living the quiet single life with my very social cat. I enjoy watercolor painting as a hobby. I am also transcribing my Grandmother's diaries. She wrote in them every day from 1907 until she died in 1972. Lots of interesting family history and also covers some American and World History as well - as it happened!

Anna (Riggs) Holton

Gaithersburg, MD

Spouse/Partner: Richard

Children: Jeffrey and Theresa

Employer: Retired RN

Email: anna.holton@verizon.net

Anna and Richard have been married for 45 years and have two children and two grandchildren, Kayleigh Anna and Colin Michael. We're currently focusing on home updates, grandchildren, extended family activities. First retired from nursing at Suburban Hospital in 2001 after 23 years to accept a civil service position in nursing at Walter Reed National Military Medical Center where I retired, again, in December 2012. At WRNMMC I had the honor and privilege of working with our Nation's Wounded Warriors (USA, USN, USAF and last but not least USMC) who served in Iraq and Afghanistan. For all of you who have served or whose children have served - Thank You for your sacrifice! Looking forward to our 50th and the opportunity to mingle and reminisce with this very special baby-boomer class!

Jeffrey 1970, Richard 1975, Joanna
1979 & 11 Grandchildren

Employer: Retired Montgomery
County Schools

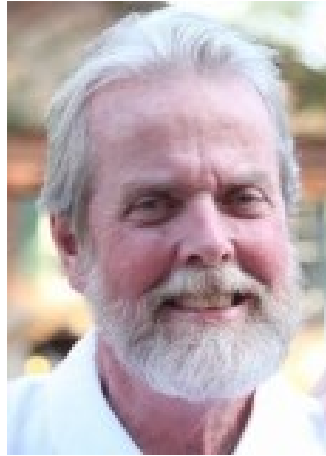

Email: tkhosinski@msn.com

After having fun at Richard Montgomery, I went to work at NIH for three years as an administrative assistant. In 1967 I became a full time stay at home Mom raising five children, three girls and two boys. I returned to work in 1986 as a Para Educator in the Kindergarten class at St Mary's Catholic School here in Rockville and then transitioned to a job with the Autism department of Montgomery County Public Schools in 1995. My focus was working with 5-9 year old special need students. In 1996 I remarried and began a new chapter in my personal life with Tom Hosinski. Tom retired from the Montgomery County police force in 2003 after 32 years of service and I retired in 2008. Since then we have enjoyed traveling, family get-togethers, home renovations and attempting to keep up with 14 grandchildren!

Liza (Robeson) Webb

Laurinburg, NC

Spouse/Partner: Bill Webb

Children: Vicki (1970)

Employer: Retired

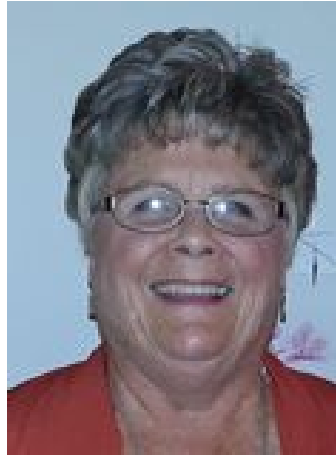

Email:

Liza lives on a 25-acre farm in Laurinburg, NC. That's about 30 miles from Lumberton. She has 10 cats, 1 horse, 2 goats and 1 dog. She doesn't have Internet, so I called her and got some info from her for our website. She and Bill Webb have been married for 18 years. He was her summer love when she used to visit NC in the summers when she was young. She has one daughter, Vicki, who lives in Colorado Springs, and is the mother of Liza's two grandsons. She was amused by Patsy Kline's bio when I read it to her - and she wanted to make sure I told Patsy that Liza skipped 19 days in one six-week period at RM. "Can you beat that, Patsy???" She said her high school days at RMHS were wonderful and she hopes to see everyone at the reunion in October. If anyone has a current picture of Liza, can you please email it to me. Thanks. Spouse/Partner: Rick Dixon

Children: Bridget (1967)

Employer: Retired

Email: bettydixon2@hotmail.com

Fifty years is a long time and lots of water has passed under this bridge! Can't wait to get together and see everyone from school. I just returned home from a fun road trip with Delores Thayer Schwartzbeck and Patsy Monard McLaughlin. We visited with Patsy Kline Bass and Pete Mulgrew in SC and then onto Houston TX to visit Donna Douglas Cooper. Lots of laughs. I'll pass this info along to them so they can register on the site. Do I get extra credit for 4 additional classmates? You remember extra credit was always important at RMHS. Living the life of retirement now and getting to spend time at our place in OC whenever I want. Had the above bunch together during the summer for 'senior' week at the beach. The grads could learn a thing or two from us oldies! When I'm not at the beach I am spending time with my 5 grandkids. They keep me busy. Hope to see many of you next year. Can't wait.

Email: dietnutritionsup@aol.com

As one of our other classmates has said similarly-I have Xs-there just not in Texas! Hello friends! Like all of you I am excited about the reunion and look forward to seeing so many of you again. The last 50 years has been quite an adventure. Towson State University(then Towson State Teachers College) is where I received my BS in Teaching and a Masters in Ed Tech(Communications). After teaching for nine years and loving it most of the time; I really wanted a change in vocation and location. We (my husband and I) had built a beautiful home in Hartford County; and although I hated to leave IT-it was time for a marital status change! With my new found freedom I moved to Phoenix, AZ; bought I house and started a new career as an audio Visual consultant. That career took me to California, Texas, back to California and to literally 11 countries globally. Quite a ride. But just like getting tired from being in a car too long-I tired of being on the road all the time. In 1987 my S.O. at the time and I bought a Franchise and ran 5 offices promoting weight loss. After 6 years of very hard work the Corporation sold and left its owners high and dry. I won't bore you with the details. I decided to go back to school and study Clinical Nutrition to enhance my business. I wanted one office not five! My partner and I disagreed and the business and my life became my own again. Twenty one years later I still have that same business and itis going strong. The best news I have to offer you is that the love of my life has come at last-and we will marry next year!! His name is Howard and he is a keeper! Since I never had children Howard comes with 3 sons and two grandchildren. A built in grown up family! Life is really good!

Bonnie (Sacco) McGregor

Westminster, MD

Spouse/Partner: Robert A. McGregor

Children: Jeffrey (1975) Scott (1980)

Employer: Retired Montgomery
County Teacher

Email: wyehaven@aol.com

50 years! Can it possibly be that long since we were all sitting in the stands cheering on our favorite team, the ROCKETS??? Well, time marches on. Bonnie and Robert have been married for 44 years and have two sons, Jeff and Scott and two beautiful granddaughters, Cara, 4 and Leah, 2. We spent the majority of our first years together living in Frederick County near Urbana, raising our sons in the beautiful rolling hills. I taught in the Montgomery County School System before becoming a stay at home mom. Bob has been a CFO for many different companies during his career. In 1999, we decided to move across the Bay Bridge to the Eastern Shore for our new life as "empty nesters". We have now been here for 15 years! After many years of teaching, I decided to pursue my passion for antiques and have now been in the business for 12 years, working in a nearby shop in Stevensville, Md. and selling my wares. Have met many wonderful, interesting people. I spend my leisure time with of course, my grandchildren, knitting, painting furniture to sell, going to auctions, relaxing on our boat and enjoying the beautiful sights of the Eastern shore. Bob retired in 2013 and we have now decided to move back across the bridge to be closer to our two sons and granddaughters. By the time the reunion comes, we will have just moved to Westminster to enjoy the rolling hills of Carroll County. Our oldest son, Jeff is VP of ECS in Frederick, an engineering firm where he runs that office. Our youngest son, Scott is a police officer with the City of Frederick. Funny, how the circle of life goes! I am looking forward to seeing old friends that I spent many happy times with during the course of my high school years. Nineteen 64 was a good year!

Richard Montgomery High School

Class of 1964

Benjamin Sellers

Springfield, VA

Spouse/Partner: Judy Tarallo RMHS
1964

Children:

Employer:

Email: Ben@Facacademy.com

Following graduation from RM, Ben applied for and was granted an NROTC scholarship to the University of Wisconsin. While in Madison, he studied Business Administration and received his BBA, with Honors, and was commissioned an Ensign in the U.S. Navy Supply Corps in June, 1969. A week after graduation, the next major event on his calendar was his wedding to the love of his life, the former Judy Tarallo. Following their wedding in June of '69, Ben and Judy began what was to become a 20-year career in the Navy. During his Navy career Ben served onboard a destroyer, a fleet oiler, and an attack aircraft carrier. When he was not serving on sea duty, Ben established a specialty in the world of defense procurement and acquisition management for some of the Navy's premier weapons systems, including the world-renowned F-14 fighter aircraft (remember Tom Cruise in the movie Top-Gun . . .) and the U.S. Air Force's air-launched cruise missile, where he was the deputy program manager for business and financial management for each of these multi-billion dollar programs. Throughout their career in the Navy, Ben and Judy placed a high priority on fulfilling the old Navy advertising slogan, "Join the Navy and see the world!" See the world indeed: in addition to many stateside duty stations, over the years Ben and Judy have taken advantage of nearly every opportunity to travel to many fascinating cities and world capitals, including: London; Paris; Rome; Athens; Brussels; Munich; Oberammergau; Honolulu; Sydney, Auckland, Cairo, and Jerusalem and many other less well-known destinations. Upon retirement from the Navy in 1989, Ben and Judy continued their world travels, with Ben serving as a consultant on behalf of TSC (Technology Solutions Company), and later as a Senior Instructor with ESI (Educational Services International), the world's largest provider of project management training to commercial and government contractors. In the middle of 2009, after spending nearly 40 years practicing and teaching program and project management, Ben launched the Federal Acquisition Certification Academy, establishing himself as President and Academic Dean. The past five years have seen consistent growth in the number of courses presented and the number of students who have earned their Federal Acquisition Certification for Program and Project Managers (FAC-P/PM as they call it in the federal government). During this time, the Academy has also increased its employees from one (Ben) to six, including Judy as Controller; Brian (their son) as VP for Strategy and Operations; and Jenny (their daughter) as Operations Manager; and Heather (daughter-in-law) as Director of Development.

Richard Montgomery High School

Class of 1964

Robert Shade

Reva, VA

Spouse/Partner: Cathy

Children: Jessica (1973), Michael (1983)

Employer: Retired/Self-Employed

Email: bob@rjsea.com

I've been reading the RM64 bio's and it seems as if some giant hand has tossed the pebbles all across the country! I graduated from UNC/Chapel Hill in 1968, was commissioned an Ensign in the Navy via NROTC, and immediately began the nomadic life of a naval officer. Over the years I was lucky enough to command three ships and several task units. Attended the Naval Postgraduate School at Monterey, CA (Same time that Ben and Judy Sellers were there!) and earned a Masters in Financial Management/Accounting. Retired from the service in early 90's and built an accounting/tax practice with offices in Herndon, VA. Client base was beltway bandits and small business in the Dulles Corridor. Sold the practice in 2009 and bought a horse farm in the foothills of the Blue Ridge southwest of Culpeper, VA. Cathy and I don't keep horses ourselves, but lease out pastures and stables to a lady who does rescue work. The herd usually consists of 4-7 horses. Nice way for geezers to have animals around without the work. Currently doing historical research and writing as a way to stave off senility! Have been fortunate enough to publish two novels about Pontiac's Rebellion in PA (French & Indian War period) called the Forbes Road Series which are selling well at Amazon and Barnes & Noble. A third is in prep which takes the protagonist to Virginia in the days immediately before the revolution. Cathy and I are fortunate that all children and grandkids live in Virginia, so we are able to enjoy frequent family gatherings. Looking forward to the reunion and catching up with classmates next year!

Corby(67), Whitney(68), Bryan&Philip(70), Griffin(81), Mackenzie(83), Sarah(86), Carson(94)

Employer: (Retired)

Email: sload208@msn.com

After graduation with the irreplaceable class of '64, I attended Wake Forest College, in Winston-Salem, NC. I traveled with my family to attend my sister Cathy's graduation from the University of Idaho in the spring of '66, and was reminded of how much I love Idaho, so, of course, immediately transferred to the U of I, from which I graduated in June of '68. My first job was as a Systems Engineer with IBM in Baltimore. I moved to Sacramento in the spring of 1970, where I worked for Pacific Bell Telephone until 1987. Upon my father's death in 1986, I moved back to Maryland to be with my Mom. During those seventeen years in Maryland, I was lucky enough to be able to travel with my mom (and Mrs. B, frequently) on multiple trips throughout the world, hitting every continent except Antarctica, a destination I deleted from my bucket list a couple of years ago. In 1996, I experienced my first fifteen minutes of fame when I was a contestant on "Wheel of Fortune," which I won three days in a row, and was, for a while, ranked as the fourth highest winnings earner in the history of the show. This, inevitably led to my long and successful TV career (untrue). My Mom and I moved to Idaho in 2005, where I became an entrepreneur (MauiWOWI franchisee). When my Mom's health started to decline in 2010, I sold my business so that I could enjoy every day with her. She passed away in November of 2012. As I write this, I'm in the process of leaving Meridian, Idaho, having sold both our homes. The closing date is 5/30/14, and, hopefully, by the time of our reunion, I'll have a new permanent address. I'm so looking forward to seeing all of you.

Class of 1964

Patricia (Spence) Byers

Kingman, AZ

Spouse/Partner: Pete

Children: Warren (1967)

Employer: Retired

Email: patty@citlink.net

The past half century can be distilled into a few paragraphs **PERSONAL LIFE:** I married Steve Ockrassa (RMHS '63). He went to college briefly, to Vietnam, and then to law school. We divorced in 1978. The best thing we got out of our marriage was our son, Warren, a graphic artist living in Flagstaff with his journalist wife. I remarried the love of my life, Pete, in 2004 after a whirlwind courtship of 17 years. He's the main reason I wanted to come to the reunion, to show him off. Sigh. **PROFESSIONAL LIFE:** After some college, I worked in the publishing industry for the first half of my work life. I worked for the Montgomery County Sentinel, then for a book publishing company in Omaha, and finally as the graphic artist and sales rep for Mohave Graphics in Kingman until they closed the shop in the early 80s. I made a career change, moving into legal support, working for private law firms, then for the County Attorney's Office. My final job, the crown jewel, was as the Judicial Assistant to a Superior Court Judge here. My favorite job, however, was at the County Attorney's Office. There is something so satisfying about putting away the bad guys, the ones with lots of priors that I was always able to ferret out. **HOBBIES AND INTERESTS:** My enthusiasm for choral singing, fostered under the teaching of Mr. John Preston, has been a theme running through my life like an underlying tune I hum to myself. My love of poetry -- reading and writing it -- abide. But most of all, my love for Jesus has been a constant that has upheld me through every trial in life. I have been held in the hollow of His hand, to my undying gratitude. Wish I could be there with all of you, but we already had other plans. There are so many of you I'd like to see in person. The reunion book will have to do for now.

William Starkloff

Madison, AL

Spouse/Partner: Judith (Judy) Anne Kent, Bladensburg HS graduate, 1964

Children:

Employer:

Email: jaks1@knology.net

Following graduation, Karl attended Montgomery Junior College earning an A.A. degree in Electronic Data Processing. He then attended NC State University earning a B.S. degree in Applied Mathematics and was commissioned a 2nd Lt, US Air Force, May 1969. His first assignment was the Defense Intelligence Agency, Washington, DC followed by an assignment to the Armed Forces Air Intelligence Center, Lowry AFB, Denver, CO. Next assignment was to Stuttgart, Germany. This is where I met Judy Kent, Bladensburg HS graduate. We were married in the Rathaus, Vaihingen, Germany (Civil ceremony), next day at Ludwigsburg Castle (Church ceremony), May 1979. Karl earned his M.S degree in Systems Management from the University of Southern California in 1981 before leaving Germany. Following Germany, the Air Force transferred us to Randolph AFB, Air Force Manpower and Personnel Center, San Antonio, TX. After TX, we were transferred to McGuire AFB, NJ to the 1998 Communications Group; Karl retired in 1989. After the Air Force, we moved to Madison, AL, bedroom community of Huntsville. Still employed with a defense contractor and plans to retire in 2 years. Also I am a District Leader with Primerica Financial Services. We have traveled extensively throughout Europe and the US and have taken cruises to the Caribbean, Mediterranean, Alaska, and Hawaii. We belong to the American Wine Society and are active with a local chapter in North Alabama.

Email: jfuhrmann@cecil.edu

Happy New Year Class of 1964! Didn't we have fun---way back when!!!! I hope everyone is still having fun! I am, even though I work 2 jobs! I have been teaching nursing for many years, in Maryland, Texas, Virginia, Delaware. I got my masters Degree, after working at University Hospital in Baltimore for 3 years(Including Shock Trauma). Worked at the Ocean City Crisis Center during the summers I went to school, then married in Bethany Beach, to Amos Fuhrmann and took up residence in Clarksville, Delaware. We were lucky enough to have 2 great kids, Todd and Traci and then our adventures began. We moved approximately every 7 years due to Amos's change in employment. For a Rockville girl, I was never happy about moving but once there, everything was wonderful. The kids were great at soccer, I even coached girl's soccer for 5 years---and won championships!! Amazing!! Amos coached and refereed! Eventually both kids went to college to play soccer----but did get good educations, as well. In 1999, Amos and I moved to Elkton, MD. Todd lives in lower Delaware, where he is the Athletic Director, Athletic Trainer and teacher. Traci is married and works for DNR in Dover, DE. Todd has 2 beautiful kids with his wife, Crystal. I am so happy to be a grandmother. Amos passed away in 2006 and we miss him, terribly, but we are all doing well! Keep working, my mother always said! I love what I do, so am very blessed. Looking forward to seeing you all again! Let's dance like we used to do----all of the time!!!!

Lisa(1970)Jennie(1976)

Employer:

Email: Bdmaurer@verizon.net

I married my childhood sweetheart and classmate, Buster Maurer. We will celebrate our 48th anniversary in November. We reside in Rockville where we raised three daughters. Today I spend my time traveling, golfing and trying to keep up with 6 grandchildren! I was a stay-at-home mom and eventually became a real estate agent. Looking forward to our reunion.

Gaithersburg, MD

Spouse/Partner:

Children: Anthony (1966), Stephanie (1967), Kimberly (1968)

Employer: National Institutes of Health (retired)

Email: sfrazier18@hotmail.com

Hello to all my high school friends. I married Edward Joseph Frazier in 1966. We had 3 children. We lived in the same neighborhood and went to school for the most part together. we have been married now 48 years as of January 24, 2014. We attend the Interdenominational Church of God with our children and grandchildren. It is such a blessing. I enjoy my family. We share holidays together mostly in the Summer because I have the big back yard. My son is a great grill master. He got that from my Dad (deceased) so he and I together we bring it on for the throwdowns at my house. My potato salad and the peach cobbler are big hits at family functions. After retirement I had the opportunity to travel to Cozumel, Canada, Brazil and a cruise to the caribbean. The cruise was with my husband. Most recently for my 67th birthday in November of last year I travel to the Dominican Republic with my friend. Great Trip. I am looking forward to the reunion. Shaorn Summerour Frazier

Judith (Tarallo) Sellers

Springfield, VA

Spouse/Partner: Benjamin R. Sellers

Children:

Employer: Ben Sellers Associates, LLC

Email: judy@FacAcademy.com

After graduating from RMHS I went on to college, starting at the University of Delaware, and eventually transferring to the University of Wisconsin. I graduated in 1968 with a degree in Retailing and enough credits to minor in Business. After graduation, I had a variety of jobs in the business/retail world, including one stint as a corporate officer for a small business in Jacksonville, Florida. In June, 1969, after a four year wait, Ben Sellers (the love of my life) & I married, and promptly took off for 20 years of adventure and travel in the US Navy. Our duty stations included Athens, GA; Jacksonville, FL; DC; Norfolk, VA; Monterey, CA (our favorite!!); Guam, USA; and back to DC. During our 20 years as Naval gypsies, we took advantage of every opportunity to travel, and Uncle Sam complied: I followed Ben's aircraft carrier on Mediterranean cruises two different times and spent five months in Europe one year, 3 months the next. When we finally returned home, I gave birth to our son Brian, and became a stay-at-home wife and mother, roles I truly cherished. Our tour of duty on the island of Guam, a tiny speck in the Pacific Ocean, provided other travel opportunities, this time in Asia. During our two year tour there, we visited Japan, Hong Kong, the Philippines, and enroute, Hawaii, and the Micronesian islands of Truk and Ponape. Our determination to travel continued even after Ben's retirement from the Navy in 1989, and has taken us to Israel, Egypt, Australia, and New Zealand, and, (closer to home), to Canada & Nova Scotia. In 1983, our daughter, Jennifer, was born, and I officially became a professional volunteer. With 2 kids playing traveling soccer, basketball, field hockey, and too many other activities to count, we stayed on the go nonstop until each of them left for college. Ben has worked for two different companies since retiring from the Navy, and in 2008, in a moment of temporary insanity, opened his own training company, the Federal Acquisition Certification Academy, specializing in training for civilian government agencies in the program/project management fields. Now our entire family is involved, from our son and daughter-in-law here, to our daughter in San Diego. I didn't manage to escape the call of the company either, so it is truly a family business. The only members of our family who aren't involved are our two granddaughters who are two and four years old! Lord only knows when we will actually retire, but I will say that this business certainly is keeping our minds active and engaged. We are really looking forward to our 50th (can hardly believe it) reunion and to reconnecting with all of you. See you in October!!

Charles Teevan

Thousand Oaks, CA

Spouse/Partner: single

Children: 8 adult children and 6
grand children

Employer:

Email: cteevan27@hotmail.com

After graduation from RMHS, attended the Univ. of California, graduating in 1968. I entered the Marine Corps officer program and had a one year tour in RVN ('69-'70) with an infantry unit. Personal decorations include a Bronze Star with "V". It was a privilege to have served with some of the finest young men of our generation. Thereafter, I was fortunate enough to have a thirty-year career with the FBI, having the opportunity to work the following: (1) Organized Crime including the "skimming" activities at the Tropicana and Stardust Casinos, resulting in the indictment and conviction of the Kansas City, Chicago, and Milwaukee OC principles. Also handled liaison with the NCAA and "Big 8" Conference, giving presentations regarding bookmaking and organized crime to the football and basketball coaches. (2) A lead agent on a political corruption matter resulting in the conviction of over 15 local law enforcement personnel. (3) Additionally have worked extensive financial fraud investigations, to include bankruptcy and mortgage frauds, receiving National recognition with the 1st Annual U.S. Trustee's Director's award. Currently I am self employed as a contractor with DOJ, with no plans for retirement within the near future. I have eight adult children and six grandchildren. I recall with great fondness the times at RMHS. I regret that with the distance and work schedule, I will not be able to attend the reunion, but do extend my best regards to the members of the class of '64.

Email: cteates@earthlink.net

- Went to Univ. of Maryland for one & 1/2 years - Jan. 1966 went to work at A. Morton Thomas and Associates, Inc. (my father started his firm in 1955). - Married in August 1966 - Had a daughter in Nov. 1974 - In Oct. 1983, bought the firm from my Dad. We had 17 employees & one office in Rockville. The firm was a civil engineering & land surveying firm specializing in private sector residential & commercial clients. I became the majority stockholder, President & CEO from Oct. 1983 to June 2002. - In June 2002, I sold the firm to five of my minority stockholders. At that time, we had 126 employees & 4 offices in MD & VA. We were a full service civil engineering, surveying, construction inspection & landscape architectural firm serving public sector (local, state & federal) clients. - In July 2002, my second husband (married Tom in Dec. 1984) moved to Las Vegas, Nevada to enjoy the warm high desert climate & this fun sin City. We built a house on a private golf course in a private gated community in the hills west of the city. - My daughter, Suzanne was married in March 2008. She lives in Tulsa, Ok. We have 3 grandsons. Age 4 & 2 identical twins age 2. - Being retired, Tom and I have time to travel, play golf and socialize with friends. I also play bridge at our Country Club. - We are in excellent health and love our life in the Southwest.

Ruth (Umbenhauer) Delawder

Frederick, MD

Spouse/Partner: divorced

Children: Jenn (1976)

Employer: retired

Email: rred546@verizon.net

Add me to the list of those who are amazed by how fast these 50 years have flown by. After graduation I went to work for the federal government and retired in 2004, after more than 39 years. I have one daughter with whom I love to have lunch and shop. I also have one granddaughter who just started kindergarten thus drastically cutting into my grammy time. Not too happy about that. Retirement is wonderful. It leaves lots of time to read, shop, volunteer, visit, and goof off.

Children: Matt Perry ('74) & Clay Perry ('77)

Employer:

Email: laleising@gmail.com

Until I recall all that has filled the last 50 years, it's hard to believe that graduation from Richard Montgomery was so long ago. I attended college, married, followed my newly commissioned Navy husband across the country, across the Pacific and Atlantic Oceans, and then back to the east coast where we settled when his service was completed. We had two sons and I immersed myself in our community and church, and all the activities that went along with being a full-time mom. Years later, when David and I married, we continued living in Northern Virginia. After he retired from Civil Service, we began spending our winters on the west coast of Florida on Anna Maria Island. We now spend half of the year there and the other half, in North Carolina. In 2007, after ten years in Fairfax City, we relocated to Charlotte, one of several places I had lived previously, and where my younger son had settled. We enjoy the activities and the variety of life the two places offer. Through the lens of my camera, I passionately attempt to capture the beauty of nature I find at the shore in Florida or in the mountains of North Carolina, as well as places we visit as we travel. A special joy, though, is spending time with our little grandchildren. One son was blessed with twins, a boy and a girl, in 2011, and the other son with a daughter the next year. Family has always been a main focus in my life and becoming a grandmother has only made life that much sweeter.

Spouse/Partner: Judith Maxine
(Havener) Wharen

Children: Jennifer born 1968, David
born 1970

Employer: Manhattan Construction
Florida soon to be retired

Email: pwharen@aol.com

Well, it's been quite a ride since RM. MJC then two tours in Vietnam as a Navy Seabee, out of service two great kids, some more college and work in the construction business, started on the DC metro, on to Cleveland for a nuclear power plant (thought Nuclear was our future). Worked on a canal in Mississippi (it was like going back in time). Back to Maryland building Condo Towers; on to Florida in 1990 here ever since but we will be moving to Charleston, SC soon. Many hobbies and activities have filled our life with skiing, Ballroom dancing competitions around the country to cycling, car shows and car club activities. We like hiking and trail riding, anything to be outdoors. My hobbies consist of stamp collecting, ship modeling, nature photography (film and digital), and old sports cars. Active in many community groups. Enjoy good wine, fine dining, and being with Judy; she still puts up with me after 47 years!!! We've raised and shown horses mainly with our kids, did a lot of fishing down here in Florida, dodged hurricanes but through it all we still miss old Rockville and Maryland. I gave up golf after 50 plus years and found that the time I gained for people and activities was a good thing. WOW! I can't wait to see everybody next month, I have finally decided to stop working, i.e. RETIRE, Judy and I are moving to Charleston, SC just in time to see the Fall colors.

David Whelan

Great Falls, VA

Spouse/Partner: Dolly Whelan

Children: Jennifer Kalka 1974:
Christopher 1977

Employer: Alliance Micro, Inc.

Email: dwhelan@alliancemicro.com

I keep saying it can't be fifty years! I feel as good as I did back in 1964, but as you can see, I have picked up a few gray hairs along the way. I married Dolly in 1970, shortly after returning from Vietnam. Today, we have two grown children who have their own families - Jennifer Kalka has two little kids and Chris has one little girl. I have been in business my entire career and today still own and operate a government contracting firm. I still enjoy sports and stay as active as I can with tennis, cycling, and jogging. I guess I will continue all of that until my knees give out. It is a pleasure to help organize this 50th reunion, but most rewarding to hear from all of you and to know that you and your families are doing well. Please stay in touch. Editor's note: I talked Dave into letting me add this great picture of him taken on Saturday, Oct. 5, 2013. He participated in the 25th Annual Sea Gull Century. This nationally acclaimed 100-mile bicycling event, beginning and ending on the campus of Salisbury University, tours the picturesque Eastern Shore of Maryland. Way to go Dave!

Class of 1964

Carol (Wiencek) Morris

Frederick, MD

Spouse/Partner: John

Children: Jeffrey 1969, Meghan 1972

Employer:

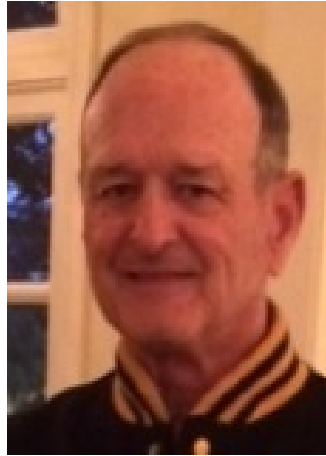

Email: catsmorris@verizon.net

Graduation 1964 Richard Montgomery – I worked that summer and then started MC in the fall. After several semesters doing both I knew that I wanted and needed to get away and be on my own. I went to work for United Airlines as a Flight Attendant. I lived and flew out of Chicago & New York City before moving back to DC area with a flying partner while we awaited a transfer to Denver, CO. While living in Alexandria I met an Army Pilot, stationed at Ft. Belvoir who lived in the same building. Never did transfer to Denver, but I did marry the pilot. We have lived in both Virginia and Maryland and that is where we raised our two children Jeff & Meghan. As with all of us our family has continued to grow and with today's "Modern Family" we are now blessed to have 6 grandchildren and three great grandchildren, all living in the Washington, Baltimore area. I continued to work in the travel related industry thru out my career. I consider myself mostly retired these days but still arrange a few group trips for friends and family. My husband John is still working full time – considering retirement of some sort. We divide our free time with Grandchildren, family & friends. Travel is our passion and we are always planning our next adventure. (2014-Our latest adventure was a 24 day trip to Iceland, Amsterdam & Norwegian Fjords). We frequent Wilmington, North Carolina and will hopefully retire there as we plan the next stage of this great adventure – Life!

Class of 1964

Patrick Wilder

Dallas, TX

Spouse/Partner:

Children:

Employer: Century Link

Email: patrick2email@verizon.net

The time I spent at RMHS shaped me and all of us 50 years ago today - November 22nd, 1963. Early that afternoon between classes we heard 'The President has been shot in Dallas'. Later we heard 'The President is dead'. My speech teacher said we didn't have to give our presentations. In shock some did anyway and some choose not to. We all watched our TVs over the entire weekend on all three channels because we felt so close to this tragic event. Some of us walked through the Capitol Rotunda in the last hours Monday morning viewing the President's casket just before the funeral procession took him to Arlington. We all remember that moment. This was our event that defines us because we are who and what we are today as we moved forward. I watched the remembrance event in Dallas today. It's not just about this event past and present that I want to remember but what we shared and what we've achieved since then. It's about our legacy, hard work, our prayers and hope for our future generations that RMHS seniors saw, acted upon and made possible for the through our friends, children, grandchildren and all the people we touched. We are making a difference. As a Navy brat I moved with my family far west after RMHS to Honolulu, HI and graduated in 1968 from Chaminade College of Honolulu earning a commission in the U.S. Marine Corps. Life had its ups and downs. My marriage to a wonderful local girl, Suzette, gave us a beautiful daughter, Jill Aulani, but my absence from them in the line of duty ended that relationship. After Viet Nam, Okinawa and Guantanamo Bay, Cuba they remain in Southern California doing well and we visit them often as family. I met a beautiful South Texas blond school teacher in Okinawa and married her after my last tour in 1981. We lived in Northern VA and Germany and I retired in 1991 from the Marine Corps after roaming the world. We spent another 5 years in Germany; she working for the International School of Stuttgart and me with Alcatel Deutschland. It was too much fun but we had to get back to the real world. A transfer brought us back to Dallas and we now live in Flower Mound, just north of DFW airport. Too much work is a good thing so I'll still working for Centurylink as a senior sales engineer. We hunt at our family ranch in south Texas and enjoy our 4 growing grandkids whenever we get out to southern CA or bring them back to TX. My bride, Linda, has an antique/estate sales business that keeps us busy with her shows and sales around TX and the US. Life is good. If I'd never met any of you at RMHS and experienced the camaraderie you shared with me I wouldn't be enjoying the life I live today. Ya'll challenged me just when I needed it and I thank each of you for the time you spent with me. Go Rockets! Pat still fits into his letter jacket!

Brian Wright

Bear, DE

Spouse/Partner: Stephanie M. G. Wright, Ed.D.

Children: Henry G. (1981), Harry C. (1983)

Employer: retired

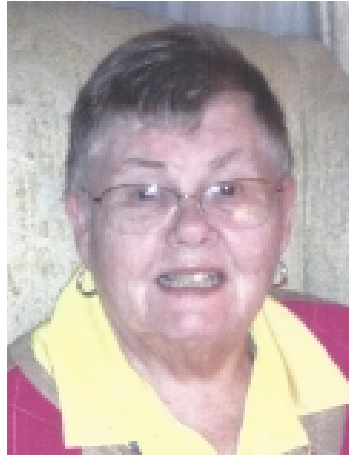

Email: boomerbw@verizon.net

I started at the University of Delaware working on an Elec. Engg. degree. After 2 years I switched to Math which left me short a few Arts & Science courses. So after 4 years I wasn't ready to graduate. It was then that the draft was in full swing and its net caught first my brother and then me. Brad was sent to Vietnam and I was sent to Korea. We both made it home in one piece. I went back to the UofD to finish up my degree. After college I went to work for DuPont Engg. in their IS dept. I met and married Stephanie. Two kids came along after a few years. First in 1981 was Henry and then second in 1983 was Harry. Left DuPont after 12 years for Blue Cross Blue Shield of Delaware when I saw signs of the company contracting. After 12 more years the Blues were doing the same so I went to work for Zeneca (later to become AstraZeneca). I worked a couple of years within a subsidiary of AZ until they sold it off. Went back to work with BCBS of Delaware where I stayed until I retired in July of 2012. When I needed some extra credits in college for my Arts & Science Math degree I ended up getting minors in Physics and Astronomy. This worked out really well since I now work with my wife in a non-profit science organization called the Delaware AeroSpace Education Foundation. One of my jobs is to run the observatory where we give monthly nighttime sky observing programs for the public.

Richard Montgomery High School

Class of 1964

Carol (Wright) Lyerly

Mount Airy, Md

Spouse/Partner: Edward Lyerly

Children: Chris (1976), Shawn (1978)

Employer: Stay at home Mom

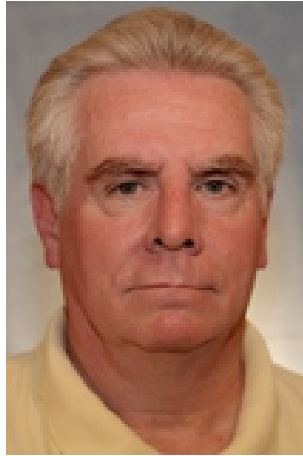

Email: elyerly@saferent.com

After graduation I went to work for Geico where I worked for 12 years. I met Ed in late 1969 and we married in 1972. In August/ Sept. 1973, we went on a belated long Honeymoon to Europe, where we toured Switzerland, Germany, Italy and Austria. We stayed with Ed's parents in Switzerland and used that as our Hub for travel. Ed's Dad was Legal Attache to Europe stationed at the U.S. Consulate in Geneva. He took time off and he and my mother-in-law were our tour guides. We moved to Gaithersburg, Md. in 1974 and Chris was born a year and a half later on Mothers Day of 1976. Then Shawn was born two and 1/2 years later. In late 1979, we moved to Mount Airy, Md. and have lived there ever since. After Shawn went to school full-time, I joined the staff at Mount Airy Elementary School and worked there part-time for 12 years. I then went to work for an electronics manufacturer in Frederick, Md. for several years, before I retired to stay home. We had our first granddaughter in August, 2013 and I have been watching her for 3 / 4 days a week while her mother works as an elementary school special needs teacher. I am having the time of my life being a Grandmother. I am really looking forward to seeing some of my old classmates. See you at the reunion.

Bill Wyckoff

Oshkosh, WI

Spouse/Partner: still single

Children:

Employer: Retired

Email: billpwycckoff@yahoo.com

After RM I attended Xavier U. in Cincinnati - for about seven years off and on. Among my accomplishments at XU were captain of the sailing team and bringing Jimi Hendrix to campus. But, alas, the requirements for a degree eluded me. I was the first person to be granted Conscientious Objector status by Rockville's Local Board No. 52. I started working for the Post Office in '67, first in Rockville and then in Gaithersburg. I held a bunch of different positions in the APWU including Local President and state level Secretary-Treasurer. After retiring in '06 I worked as a photographer for the Montgomery Co. Sentinel (got to shoot a lot of RM games), and for Blanton Studios along with classmate Gene Stevens. I took a major financial beating when the real estate market collapsed, and needed a change, so I moved back to the town in Wisconsin where I was born. Life here in Oshkosh is pleasant enough if you can ignore the toxic political climate. I am involved in a camera club, am a founding member of a nascent food co-op, and help run a community gardening program. I still do a lot of sports photography and am assembling a woodworking shop in my garage. Looking forward to seeing everyone at the reunion. Thanks to the committee for putting it together, and to Steve Etter for the heads up.
