

COME ONE COME ALL TO THE CLASS OF '66 BIRTHDAY PARTY

Hey, your class reunion committee has finally figured out something else to celebrate!!! We have decided to celebrate our 70th birthday with our 1966 classmates, just like we did on our 65th birthday. We have planned a one night event with all the pizza you can eat and live music from a great band that plays all the old 60's music that we used to celebrate with in the 60's. We sincerely want each and everyone of you to come and enjoy with us some good music, pizza, dancing and don't forget great company and great conversation. Please feel free to bring your friends!
