

I have sorted the list according to how many years we went to school together (counting 9th-12th). This will help those with limited time focus on the people that will probably be most interested in re-connecting with us. I have included alternate spellings found in the yearbooks, and married names when known.

In some cases I think I have found the right person on Facebook, and have made a friend request, but they either don't recognize my name or don't login very often. I hope to find a more direct means of contact for those classmates so we can keep them in the reunion loop.

I strongly suspect some on this list have passed away - the search tool I am using indicated that was the case, but I can't find verification anywhere and I'm not going to mark that down until I am sure.

If you have information please either send me a private message or send to mbhs79@gmail.com - I would prefer not to have classmates' personal info out there for the group to see. Alternatively, you can invite them to join our Facebook group, or have them send me an email.

I am more than happy to send out postcards if the only contact information you have for a classmate is a snail mail address.

I will update this list as frequently as feasible.

Thanks for your help!

List current as of 5/5/19
